Index Subjects

Agricultural techniques

High-altitude rice cultivation in Burundi: major constraints and varietal diversification (<i>in French</i>)	3
Study of the integrated fertilisation in farmer's fields in the natural region of Mugamba (Burundi) (<i>in French</i>)	7
Effects of mulch on soil properties and on the performance of late season cassava <i>Manihot esculenta</i> Crantz on an acid ultisol in Southwestern Zaire (<i>in English</i>)	20
Transfer of Animal Traction Technology in Mbozi, Tanzania. The case of «Agricultural Development Programme - Mbozi» (<i>in English</i>)	33
Rate and timing effect of CGA-136872 for postemergence Johnsongrass <i>Sorghum halepense</i> L. control in corn <i>Zea mays</i> L. (<i>in English</i>)	43
Perspective of terrinary mounds utilization in improvement of tropical soil fertility: case of a pot vegetation experiment (<i>in French</i>)	51
Trials of multiplication by means of layering of the bread tree <i>Artocarpus communis</i> var. <i>apyrenna</i> (<i>in French</i>)	59
Valuing small farmer's expertise (<i>in English</i>)	81
The neem <i>Azadirachta indica</i> as a mean to control soil nematodes and its application in vegetable cultures in Benin (<i>in English</i>)	89
The identification of the technical factors affecting the irrigated micro-areas productivity in North-West Tunisia (catchment area of oued Mâaden) (<i>in French</i>)	106
Effects of dual inoculation with <i>Rhizobium</i> and <i>Glomus</i> spp. on the growth of <i>Leucaena leucocephala</i> (Lam.) de Wit in the nursery, and ten months after outplanting in Zaire (<i>in French</i>)	132
Effect of organic and inorganic supply on Al detoxification and sorghum crop yield in ferralitic soils from Burundi (<i>in English</i>)	140
Preliminary observations on the germination of mini-fragments of yam <i>Dioscorea</i> (<i>in French</i>)	149

Animal health

Epidemiological survey on virus diseases of cattle in North West Syria (<i>in English</i>)	55
A haematocrit centrifuge concentration technique for the diagnosis of bovine babesiosis due to <i>Babesia bigemina</i> infection (<i>in English</i>)	129

Animal production

Use of peanuts for broiler chickens in Senegal (<i>in French</i>)	93
Influence of the stem dimension and its nailing on its growth capacity of living pickets in tropical environment (<i>in French</i>)	98
Technical note on poultry development policy in Mali (<i>in French</i>)	103
Influence of thickness of the thigh, length of carcass and sex on the weight of bovine's carcass (<i>in French</i>)	137

Appropriated technology

Transfer of Animal Traction Technology in Mbozi, Tanzania. The case of «Agricultural Development Programme — Mbozi» (<i>in English</i>)	33
The Food Early Warning System Project in Somalia (<i>in English</i>)	111

Aquaculture

Efficiency of different drying areas for fishes <i>Stolothrissa tanganyicae</i> and <i>Limnothrissa miodon</i> in Burundi (<i>in French</i>)	46
Algal production and consumption by the Tilapia <i>Oreochromis niloticus</i> L., in Lake Muhazi (Rwanda) (<i>in French</i>)	114

Bibliography	38, 78, 121, 167
---------------------	------------------

Cash crops

Study of the integrated fertilisation in farmer's fields in the natural region of Mugamba (Burundi) (<i>in French</i>)	7
Efficacy of fungicides on the progress of early blight and yield of potato in Cameroon (<i>in English</i>)	15
Effects of mulch on soil properties and on the performance of late season cassava <i>Manihot esculenta</i> Crantz on an acid ultisol in Southwestern Zaire (<i>in English</i>)	20
Rate and timing effect of CGA-136872 for postemergence Johnsongrass <i>Sorghum halepense</i> L. control in corn <i>Zea mays</i> L. (<i>in English</i>)	43
The neem <i>Azadirachta indica</i> as a mean to control soil nematodes and its application in vegetable cultures in Benin (<i>in English</i>)	89
Effect of organic and inorganic supply on Al detoxification and sorghum crop yield in ferrallitic soils from Burundi (<i>in English</i>)	140
Embryogenic cell suspension and plant regeneration through somatic embryogenesis in bananas and plantains <i>Musa</i> spp. (<i>in French</i>)	152

Cattle

Transfer of Animal Traction Technology in Mbozi, Tanzania. The case of «Agricultural Development Programme — Mbozi» (<i>in English</i>)	33
Epidemiological survey on virus diseases of cattle in North West Syria (<i>in English</i>)	55
Influence of the stem dimension and its nailing on its growth capacity of living pickets in tropical environment (<i>in French</i>)	98
A haematocrit centrifuge concentration technique for the diagnosis of bovine babesiosis due to <i>Babesia bigemina</i> infection (<i>in English</i>)	129
Influence of thickness to the thigh, length of carcass and sex on the weight of bovine's carcass (<i>in French</i>)	137

Community development

Transfer of Animal Traction Technology in Mbozi, Tanzania. The case of «Agricultural Development Programme — Mbozi» (<i>in English</i>)	33
Ecotourism in the Northern region of Central African Republic (<i>in French</i>)	163

Economics

Assessing environmental impact: multicriteria analysis. Managing uncertainty: Fuzzy models (<i>in French</i>)	30
Transfer of Animal Traction Technology in Mbozi, Tanzania. The case of «Agricultural Development Programme — Mbozi» (<i>in English</i>)	33
Economical fast evaluation standards of the ecological value of the sylvo-pastoral zone in Senegal (<i>in French</i>)	83
Ecotourism in the Northern region of Central African Republic (<i>in French</i>)	163

Editorials

The tenth anniversary of the journal (<i>in Dutch</i>)	1
Durable development more efficacious than foodpackages or paras (<i>in French</i>)	41
Valuing small farmer's expertise (<i>in English</i>)	81
The first decade for preparing the future (<i>in French</i>)	125

Education

The Belgian Soil Science Project at the University Centre of Dschang in Cameroon (<i>in English</i>)	27
Reactualization of the training curriculum for veterinary auxiliary staff in Africa: the Cameronian example and a tentative definition of a global method (<i>in French</i>)	64
Structuration of a ranger's training in Cabo Verde (<i>in French</i>)	69
Institut des Sciences Agronomiques du Burundi (ISABU) 30 years of agronomical research. Making acquaintance with ISABU and its Ateliers (<i>in French</i>)	115

Environment

The Belgian Soil Science Project at the University Centre of Dschang in Cameroon (<i>in English</i>)	27
Assessing environmental impact: multicriteria analysis. Managing uncertainty: Fuzzy models (<i>in French</i>)	30
Economical fast evaluation standards of the ecological value of the sylvo-pastoral zone in Senegal (<i>in French</i>)	83
Ecotourism in the Northern region of Central African Republic (<i>in French</i>)	163

Fertilizers

Study of the integrated fertilisation in farmer's fields in the natural region of Mugamba (Burundi) (<i>in French</i>)	7
Perspective of termitary mounds utilization in improvement of tropical soil fertility: case of a pot vegetation experiment (<i>in French</i>)	51
The identification of the technical factors affecting the irrigated micro-areas productivity in North-West Tunisia (catchment area of oued Mâaden) (<i>in French</i>)	106
Effect of organic and inorganic supply on Al detoxification and sorghum crop yield in ferrallitic soils from Burundi (<i>in English</i>)	140

Fisheries

Efficiency of different drying areas for fishes <i>Stolothrissa tanganicae</i> and <i>Limnothrissa miodon</i> in Burundi (<i>in French</i>)	46
Algal production and consumption by the Tilapia <i>Oreochromis niloticus</i> L. in Lake Muhazi (Rwanda) (<i>in French</i>)	114

Food conservation

Efficiency of different drying areas for fishes <i>Stolothrissa tanganicae</i> and <i>Limnothrissa miodon</i> in Burundi (<i>in French</i>)	46
The Food Early Warning System Project in Somalia (<i>in English</i>)	111

Food crops

High-altitude rice cultivation in Burundi: major constraints and varietal diversification (<i>in French</i>)	3
Efficacy of fungicides on the progress of early blight and yield of potato in Cameroon (<i>in English</i>)	15
Effects of mulch on soil properties and on the performance of late season cassava <i>Manihot esculenta</i> Crantz on an acid ultisol in Southwestern Zaire (<i>in English</i>)	20
Transfer of Animal Traction Technology in Mbozi, Tanzania. The case of «Agricultural Development Programme — Mbozi» (<i>in English</i>)	33
Rate and timing effect of CGA-136872 for postemergence Johnsongrass <i>Sorghum halepense</i> L. control in corn <i>Zea mays</i> L. (<i>in English</i>)	43
The neem <i>Azadirachta indica</i> as a mean to control soil nematodes and its application in vegetable cultures in Benin (<i>in English</i>)	89
Preliminary observations on the germination of mini-fragments of yam <i>Dioscorea</i> (<i>in French</i>)	149

Human nutrition

High-altitude rice cultivation in Burundi: major constraints and varietal diversification (<i>in French</i>)	3
Efficacy of fungicides on the progress of early blight and yield of potato in Cameroon (<i>in English</i>)	15
Effects of mulch on soil properties and on the performance of late season cassava <i>Manihot esculenta</i> Crantz on an acid ultisol in Southwestern Zaire (<i>in English</i>)	20
Efficiency of different drying areas for fishes <i>Stolothrissa tanganicae</i> and <i>Limnothrissa miodon</i> in Burundi (<i>in French</i>)	46
The Food Early Warning System Project in Somalia (<i>in English</i>)	111

Minilivestock

First international seminar on farming of invertebrates and other minilivestock (<i>in English</i>)	155
Action of fenoxycarb on «Non-spinning syndrome» of silkworms in North-Eastern Italy (<i>in French</i>)	160

Nutrition

Transfer of Animal Traction Technology in Mbozi, Tanzania. The case of «Agricultural Development Programme — Mbozi» (<i>in English</i>)	33
Use of peanuts for broiler chickens in Senegal (<i>in French</i>)	93

Plant pathology

Efficacy of fungicides on the progress of early blight and yield of potato in Cameroon (<i>in English</i>)	15
The neem <i>Azadirachta indica</i> as a mean to control soil nematodes and its application in vegetable cultures in Benin (<i>in English</i>)	89

Plant production

Study of the integrated fertilisation in farmer's fields in the natural region of Mugamba (Burundi) (<i>in French</i>)	7
Efficacy of fungicides on the progress of early blight and yield of potato in Cameroon (<i>in English</i>)	15
Effects of mulch on soil properties and on the performance of late season cassava <i>Manihot esculenta</i> Crantz on an acid ultisol in Southwestern Zaire (<i>in English</i>)	20
Transfer of Animal Traction Technology in Mbozi, Tanzania. The case of «Agricultural Development Programme — Mbozi» (<i>in English</i>)	33
Rate and timing effect of CGA-136872 for postemergence Johnsongrass <i>Sorghum halepense</i> L. control in corn <i>Zea mays</i> L. (<i>in English</i>)	43
Trials of multiplication by means of layering of the bread tree <i>Artocarpus communis</i> var. <i>apyrenna</i> (<i>in French</i>)	59
Effects of dual inoculation with <i>Rhizobium</i> and <i>Glomus</i> spp. on the growth of <i>Leucaena leucocephala</i> (Lam.) de Wit in the nursery, and ten months after outplanting in Zaire (<i>in French</i>)	132
Effect of organic and inorganic supply on Al detoxification and sorghum crop yield in ferrallitic soils from Burundi (<i>in English</i>)	140
Preliminary observations on the germination of mini-fragments of yam <i>Dioscorea</i> (<i>in French</i>)	149
Embryogenic cell suspension and plant regeneration through somatic embryogenesis in bananas and plantains <i>Musa</i> spp. (<i>in French</i>)	152

Plant protection

High-altitude rice cultivation in Burundi: major constraints and varietal diversification (<i>in French</i>)	3
Efficacy of fungicides on the progress of early blight and yield of potato in Cameroon (<i>in English</i>)	15
Rate and timing effect of CGA-136872 for postemergence Johnsongrass <i>Sorghum halepense</i> L. control in corn <i>Zea mays</i> L. (<i>in English</i>)	43
The neem <i>Azadirachta indica</i> as a mean to control soil nematodes and its application in vegetable cultures in Benin (<i>in English</i>)	89

Poultry

Use of peanuts for broiler chickens in Senegal (<i>in French</i>)	93
Technical note on poultry development policy in Mali (<i>in French</i>)	103

Projects

The Belgian Soil Science Project at the University Centre of Dschang in Cameroon (<i>in English</i>)	27
Assessing environmental impact: multicriteria analysis. Managing uncertainty: Fuzzy models (<i>in French</i>)	30
Transfer of Animal Traction Technology in Mbozi, Tanzania. The case of «Agricultural Development Programme — Mbozi» (<i>in English</i>)	33
The Food Early Warning System Project in Somalia (<i>in English</i>)	111
Institut des Sciences Agronomiques du Burundi (ISABU) 30 years of agronomical research. Making acquaintance with ISABU and its Ateliers (<i>in French</i>)	115
Seventeen years of Belgo-Moroccan cooperation concerning statistics and applied data processing (<i>in French</i>)	145

Research and Development

The Belgian Soil Science Project at the University Centre of Dschang in Cameroon (<i>in English</i>)	27
Reactualization of the training curriculum for veterinary auxiliary staff in Africa: the Cameroonian example and a tentative definition of a global method (<i>in French</i>)	64
The Food Early Warning System Project in Somalia (<i>in English</i>)	111
Institut des Sciences Agronomiques du Burundi (ISABU) 30 years of agronomical research. Making acquaintance with ISABU and its Ateliers (<i>in French</i>)	115
First international seminar on farming of invertebrates and other minilivestock (<i>in English</i>)	155
Ecotourism in the Northern region of Central African Republic (<i>in French</i>)	163

Rural Development

Study of the integrated fertilisation in farmer's fields in the natural region of Mugamba (Burundi) (<i>in French</i>)	7
Institut des Sciences Agronomiques du Burundi (ISABU) 30 years of agronomical research. Making acquaintance with ISABU and its Ateliers (<i>in French</i>)	115
Ecotourism in the Northern region of Central African Republic (<i>in French</i>)	163

Sociology

Transfer of Animal Traction Technology in Mbozi, Tanzania. The case of «Agricultural Development Programme — Mbozi» (<i>in English</i>)	33
Durable development more efficacious than foodpackages or paras (<i>in French</i>)	41
Valuing small farmer's expertise (<i>in English</i>)	81
Institut des Sciences Agronomiques du Burundi (ISABU) 30 years of agronomical research. Making acquaintance with ISABU and its Ateliers (<i>in French</i>)	115
Ecotourism in the Northern region of Central African Republic (<i>in French</i>)	163

Soil science

Study of the integrated fertilisation in farmers fields in the natural region of Mugamba (Burundi) (<i>in French</i>)	7
Effects of mulch on soil properties and on the performance of late season cassava <i>Manihot esculenta</i> Crantz on an acid ultisol in Southwestern Zaire (<i>in English</i>)	20
The Belgian Soil Science Project at the University Centre of Dschang in Cameroon (<i>in English</i>)	27
A general assessment of soil resources and soil fertility constraints in Cameroon on the basis of FAO-UNESCO soil map analysis (<i>in English</i>)	61
The neem <i>Azadirachta indica</i> as a mean to control soil nematodes and its application in vegetable cultures in Benin (<i>in English</i>)	89
Effects of organic and inorganic supply on Al detoxification and sorghum crop yield in ferrallitic soils from Burundi (<i>in English</i>)	140

Statistics

Assessing environmental impact: multicriteria analysis. Managing uncertainty: Fuzzy models (<i>in French</i>)	30
Seventeen years of Belgo-Moroccan cooperation concerning statistics and applied data processing (<i>in French</i>)	145

Veterinary medicine

Epidemiological survey on virus diseases of cattle in North West Syria (<i>in English</i>)	55
Reactualization of the training curriculum for veterinary auxiliary staff in Africa: the Cameroonian example and a tentative definition of a global method (<i>in French</i>)	64
A haematocrit centrifuge concentration technique for the diagnosis of bovine babesiosis due to <i>Babesia bigemina</i> infection (<i>in English</i>)	129

Wildlife

Ecotourism in the Northern region of Central African Republic (<i>in French</i>)	163
