Index Subjects

Agricultural techniques

The Effects Of Three Soil Preparation Techniques On Its Structural And Hydric Conditions (<i>in French</i>)	6
Compatibility Of Intercropping Stem Borer Resistant Sorghum <i>Sorghum bicolor</i> MOENCH Genotypes With Cowpea <i>Vigna unguiculata</i> L WALP And Its Effect On Flower Thrips Lines (<i>in English</i>)	10
Presentation Of The Project "Inventory And Management Modeling Of The Permanent Vegetation In A Forest Zone In Southern Senegal " (<i>in French</i>)	18
Reactions Of Some Rice Varieties To Blast In Yangambi-Zaire (<i>in French</i>)	22
Response To Black Sigatoka Infection In Southeastern Nigeria (<i>in English</i>)	43
Study On Mineral Complementation In The Composting Process In Farmers Conditions Of Mugamba-Burundi (<i>in French</i>)	55
Identification Of Some Constraints To The Production Of Tubers : <i>Manihot utilisima</i> , <i>Ipomoea batatas</i> and <i>Solanum tuberosum</i> In Eastern Zaire (<i>in French</i>)	61
Research Issues For The Improvement Of Farming Systems In Burundi (<i>in French</i>)	75
Physical Characteristics Of Muskmelon Production, <i>Cucumis melo</i> L., Cultivated Under Greenhouse-Tunisia (<i>in French</i>)	87
Influence Of The Flowering, The Growth In Height And In Diameter Of The Plants On The Productivity Of Two Varieties Of Tomatoes (<i>in French</i>)	95
Interaction Between An Insect <i>Pseudotheraptus devastans</i> DIST And A Fungus <i>Colletotrichum gloeosporioides</i> PENZ On Setting Of Anthracnose On Cassava Cuttings (<i>in French</i>)	104
Agronomic Research On Arabica Coffee Tree In Burundi (<i>in French</i>)	109
Traditional And Improved Methods Of Shea Butter Production In The North Of Ivory Coast (<i>in French</i>)	114
Effects Of Cropping Systems On The Nodulation And Yields Of <i>Glycine max</i> L. MERRILL Inoculated By <i>Bradyrhizobium japonicum</i> in Kombé-Brazzaville, Congo (<i>in French</i>)	134

Agroforestry

Presentation Of The Project "Inventory And Management Modeling Of The Permanent Vegetation In A Forest Zone In Southern Senegal " (<i>in French</i>)	18
Natural Resources Management, From The Ecological To The Land Tenure And Administrative Process : The "Après-Barrages" Experience In Senegal (<i>in French</i>)	50
A Rather Unknown Natural Heritage : The Cloudforest (Subtropical Montane Forest) (<i>in French</i>)	68

Animal health

A Transcontinental Cooperation Thanks To " Veterinarians Without Frontiers - Europe" (<i>in French</i>)	1
The Results Of A Survey On The Cattle Brucellosis In Guinea (<i>in French</i>)	48
Larvicidal Activity Of The Vegetal Species <i>Nicotiana tabacum</i> And <i>Tetradenia riparia</i> (HOECHTS) CODD On The Tick <i>Rhipicephalus appendiculatus</i> NEUMANN (<i>in French</i>)	131
Transfer To CIRDES In Burkina Faso Of Molecular Biotechniques For The Epidemiology Of Animal Trypanosomoses (<i>in French</i>)	155

Animal production

Feeding Trials On Finishing Broilers Incorporating Earthworm <i>Eudrilus eugeniae</i> Meal (<i>in French</i>)	3
Survey Of Mineral Status Of Cattle In The Adamaoua Region Of Cameroon (<i>in English</i>)	15
Situation Of Rearing Of Small Ruminants In The Area Of Bafata In Guiné-Bissau (<i>in French</i>)	29
A Plea For Minilivestock (<i>in English</i>)	41
The Results Of A Survey On The Cattle Brucellosis In Guinea (<i>in French</i>)	48
Effect Of Various Substrates On <i>Eudrilus eugeniae</i> (Oligochaeta) Production (<i>in French</i>)	91
Effects Of Poor Quality Desert Grass And Subsequent Refeeding On A High Plane Of Nutrition On Growth And Body Composition Of Sudan Desert Lambs (<i>in English</i>)	98
The Development Of Lean Muscle, Bone And Fat In The West African Dwarf Goat Of Nigeria Maintained On Good Plane Of Nutrition (<i>in English</i>)	141
Estrous Cycle Characteristics And Blood Progesterone Levels In Holstein Heifers Under Altitude And Tropical Conditions In Colombia (<i>in English</i>)	148
Guinea Pig <i>Cavia porcellus</i> L. As A Meat Producing Animal In Cameroon (<i>in French</i>)	157
Preliminary Observations On The Biometric Characteristics Of Zebu Populations Girolandia And Nellore Reared In The Northeast Of Brazil (Fortaleza-Ceará) (<i>in English</i>)	164

Appropriated technology

International Courses Of Building Advisory Service And Information Network Economic Construction And Local Building Materials (<i>in French</i>)	25
Profitability Of A Chinese-Model Biogas In Benin (<i>in French</i>)	27
New Criteria To Judge Stove Efficiency In The Charcoal Combustion (<i>in French</i>)	33
A Plea For Minilivestock (<i>in English</i>)	41
Study On Mineral Complementation In The Composting Process In Farmers Conditions Of Mugamba-Burundi (<i>in French</i>)	55
Traditional And Improved Methods Of Shea Butter Production In The North Of Ivory Coast (<i>in French</i>)	114
Providing Homes For The Homeless - The Viable Alternative (<i>in English</i>)	162

Bibliography	39, 81, 125, 167
---------------------	------------------

Cash crops

Reactions Of Some Rice Varieties To Blast In Yangambi-Zaire (<i>in French</i>)	22
--	----

Influence Of Crop Management And Soil On Plantain <i>Musa</i> spp., AAB Group Response To Black Sigatoka Infection In Southeastern Nigeria (in English)	43

Revista científica y de información dedicada a los problemas rurales en los países en vía de desarrollo. Es editada por la Administración General de la Cooperación al Desarrollo (A.G.C.D.).
Se publica cuatro veces por año (en marzo, junio, septiembre y diciembre)

Redacción: Agri-Overseas. Es una asociación creada con el fin de establecer relaciones profesionales o de interés comunes entre quienes laboran por el desarrollo rural en ultra-mar.

Coordinador científico: Profesor honorario Dr. Ir. J. Hardouin

Comisión científica: integrada por un representante de cada una de las instituciones belgas siguientes: - El Sr R. Lenaerts, Administrador General de la Administración General de la Cooperación al Desarrollo, Bruselas - El Profesor honorario J. Hardouin y el Profesor P. Kageruka, Departamento de Producción y Sanidad Animales, Instituto de Medicina Tropical, Amberes (D.P.S.A./I.M.T.) - El Profesor J. Wouters, Departamento de Agronomía, Universidad Libre de Bruselas (U.L.B.) - El Profesor C. Reizer, Fundación Universitaria del Luxembourg (F.U.L.) - El Profesor J. Vanderveken, Facultad de Ciencias Agronómicas, Gembloux (F.S.A.Gx.) - El Profesor J. Vercruysse, Facultad de Medicina Veterinaria, Universidad de Gante (U.G.) - El Profesor P. Van Damme, Facultad de Ciencias Agronómicas, Universidad de Gante (U.G.) - El Profesor F. Lomba, Facultad de Medicina Veterinaria, Universidad de Lieja (U.Lg.) - El Profesor R. Swennen, Facultad de Ciencias Agronómicas, Universidad Católica de Lovania (K.U.L.) - El Profesor M. Verhoyen, Facultad de Ciencias Agronómicas, Universidad Católica de Lovania (U.C.L.) - El Profesor J.C. Micha, Facultades Universitarias Nuestra Señora de la Paz, Namur (F.U.N.D.P.)

Secretaría, Redacción: Agri-Overseas / Tropicultura, c/o A.G.C.D., Of. 404-405; Rue du Trône, 4, B. 1050 Bruselas, Bélgica. Tel.: 32.2/51.90.329 /377/503.

Distribución: gratuita, a petición escrita.

Recomendaciones para los autores

Condiciones generales: Enviar el original de los manuscritos y 2 copias a Agri-Overseas a la dirección arriba mencionada. Se puede escribir en cuatro idiomas; Francés, Inglés, Neerlandés o Español. Indicar claramente la dirección del autor. Cada artículo será sometido por la Comisión de Redacción a 2 lectores especializados en el tema tratado y será eventualmente devuelto al autor, para ser corregido o adaptado. De todos modos se guardará un ejemplar en los archivos de Agri-Overseas. Los autores recibirán gratuitamente 20 publicados separadamente del artículo.

Instrucciones prácticas: el manuscrito comprenderá como máximo 10 páginas escritas a máquina con doble interlinea y con un margen a la izquierda de 5 cm en papel blanco de formato DIN A4 (21 x 29,7 cm).

Presentación:

Título: corto y en minúsculas

Autores: debajo del título. los apellidos en minúsculas para las iniciales del nombre (nombre completo para las damas), con asterisco para remitir a la nota en pie de página donde figurará la identificación de las instituciones.

Palabras claves: 7 como máximo en Inglés (Keywords)

Resumen: en el idioma del artículo y en Inglés (Max.: 200 palabras)

Introducción

Material y métodos u observaciones

Resultados

Discusión

Conclusiones

Agradecimientos

Las referencias bibliográficas se darán por orden alfabético según el apellido de los autores y serán numeradas de 1 a x. Referir en el texto a estos números (entre paréntesis).

Las referencias comprenderán:

- Para las revistas: el apellido de los autores seguido de las iniciales de los nombres, el año de publicación, el título completo del artículo en el idioma de origen, el título de la revista, el número del volumen subrayado, la primera y la última página.

Ejemplo: Poste G., 1972, Mechanisms of virus induced cell fusion, Int. Rev. Cytol. 33, 157, 222

- Para las obras: el apellido de los autores seguido de las iniciales de los nombres, el año de publicación, el título completo de la obra, el nombre del editor, el lugar de edición, la primera y la última página del capítulo citado

Ejemplo: Korbach M.M. & Ziger R.S., 1972, Heterozygotes detection in Tay-Sachs disease. A prototype community screening program for the prevention of recessive genetic disorders. pp 613 - 632 in: B.W. Volks en S.M. Aronson (Editors), Sphingolipids and allied disorders Plenum, New-York

Tablas y figuras serán presentadas cuidadosamente en páginas separadas y con numeración arábiga al verso. Las figuras estarán dibujadas de modo profesional. Las fotografías se entregarán non-montadas y bien contrastadas sobre papel brillante y numeradas al verso. Los títulos y las leyendas se escribirán en una misma página separada.

Observaciones: - Evitar las notas al pie de la página

- Evitar el empleo de guiones

- Evitar las mayúsculas inútiles

- Dar la nacionalidad, los diplomas y la función de cada autor

- Dar la traducción del título en Inglés

La Comisión de redacción se reserva el derecho de rechazar los artículos que no estén conformes a las prescripciones susodichas.
