## Index Subjects

## Agricultural Techniques

Statistical Analysis of Food Production in Zaire.....	3
Effect of Fertilization and Cutting Frequency on the Yield of <i>Brachiaria ruziziensis</i> GERMAIN and EVRARD in Adamawa Plateau-Cameroon.....	9
Geographical Variation of <i>Commelina benghalensis</i> L. in Benin .....	15
The Agricultural Land-Use in Eroding Uplands: A Case Study in The Philippines .....	25
Technology Innovation for Small Farming System in Burundi Highland (Bututsi).....	34
Control of the Cassava Mealybug <i>Phenacoccus manihoti</i> MATILE-FERRERO and the Cassava Green Mite <i>Mononychellus tanajoa</i> BONDAR in Zaire: A Review .....	43
Differential Genotypic Responses of Spring Wheat Early Seedling Growth to Limited Moisture Conditions .....	93
Yield of Potato as Influenced by Crop Sanitation and Reduced Fungicidal Treatments .....	89
Rapid Multiplication of Banana and Plantain Trees in Cameroon .....	109
Compared Effect of Four Plant Essential Oils against Cowpea Weevil <i>Callosobruchus maculatus</i> FAB. and Rice Weevil <i>Sitophilus oryzae</i> L... ..	143
Effects of the Herbaceous Vegetation Removing on the Soil Moisture and on the Initial Growth of a Monoclonal Plantation of <i>Eucalyptus</i> 12 <i>ABL x Saligna</i> .....	147
Preliminary Inventory of Pests and Natural Enemies on Cotton in Oueme Department, Benin .....	160

## Animal Health

Gastrointestinal Strongyle Egg Output and its Relationship with Tick Burden in Gambian N'Dama and Gobra .....	19
Mortalities Analyses by the Ovines in Nioka (Ituri-Zaire) .....	139

**Animal Nutrition**

Consumption and Food Digestibility by the Grass-Cutter <i>Thryonomys swinderianus</i> .....	123
Growth Performance of Pekin Ducks Fed with Golden Snail and Fresh Banana Peelings.....	135

**Animal Production**

Survey on Traditional Poultry Production in Cameroon .....	22
Rangeland Assessment of Kolo Ranch Savanna - Zaire .....	65
Diversity and Importance of Caterpillars in the Diet of the Populations of Zaire .....	72
Bodyweight Gain of Calves of Three Local Cattle Breeds of Ituri (High-Zaire) .....	75
Extension Work at a Small Husbandry Development Project in North Kivu - Zaire .....	117
A study of Ecological Traits in Two <i>Chrysichthys</i> Species ( <i>C. auratus</i> and <i>C. nigrodigitatus</i> ; Pisces, Claroteidae) in the Lake Nokoue-Porto-Novo Lagoon (South Benin) .....	153
Improvement of Villager Ndama Cattle Husbandry Practices: the Example of Madina-Diassa in the South of Mali .....	164

**Appropriated Technology**

The Agricultural Land-Use in Eroding Uplands: A Case Study in The Philippines .....	25
Technology Innovation for Small Farming System in Burundi Highland (Bututsi).....	34
Rapid Multiplication of Banana and Plantain Trees in Cameroon .....	109

<b>Bibliography</b> .....	39, 79, 126, 170
---------------------------	------------------

**Biometry**

Statistical Analysis of Food Production in Zaire.....	3
-------------------------------------------------------	---

**Cash Crops**

Preliminary Inventory of Pests and Natural Enemies on Cotton in Oueme Department, Benin .....	160
-----------------------------------------------------------------------------------------------	-----

**Cattle**

Gastrointestinal Strongyle Egg Output and its Relationship with Tick Burden in Gambian N'Dama and Gobra.....	19
Rangeland Assessment of Kolo Ranch Savanna - Zaire .....	65
Bodyweight Gain of Calves of Three Local Cattle Breeds of Ituri (High-Zaire) .....	75
Extension Work at a Small Husbandry Development Project in North Kivu - Zaire .....	117
Improvement of Villager Ndama Cattle Husbandry Practices: the Example of Madina-Diassa in the South of Mali .....	164

**Community Development**

Awakening of Countrywomen of the Community Development in Lwiro Region, South Kivu - Zaire .....	62
Collective or Individual Ownership: Current Changes in Agricultural Land Practices in Senegal .....	103
Extension Work at a Small Husbandry Development Project in North Kivu - Zaire .....	117
Preliminary Inventory of Pests and Natural Enemies on Cotton in Oueme Department, Benin .....	160

**Ecology**

Geographical Variation of <i>Commelina benghalensis</i> L. in Benin.....	15
A study of Ecological Traits in Two <i>Chrysichthys</i> Species ( <i>C. auratus</i> and <i>C. nigrodigitatus</i> ; Pisces, Claroteidae) in the Lake Nokoue-Porto-Novo Lagoon (South Benin) .....	153

**Economics**

Statistical Analysis of Food Production in Zaire.....	3
Effect of Fertilization and Cutting Frequency on the Yield of <i>Brachiaria ruziziensis</i> GERMAIN and EVRARD in Adamawa Plateau-Cameroon .....	9
The Agricultural Land-Use in Eroding Uplands: A Case Study in The Philippines .....	25
Food Economy: Analysis of Food Consumption Pattern of the Rural Area of Cameroon .....	87
Collective or Individual Ownership: Current Changes in Agricultural Land Practices in Senegal .....	103

**Editorials**

The New Trends of Food Aid and Food Security Policy of the European Union .....	1
Africa Finally Finds a Path through the Desert .....	41
A Call for a Tree Revolution .....	85
Diffuse the Scientific Information: a Priority .....	129

**Education**

Extension Work at a Small Husbandry Development Project in North Kivu - Zaire .....	117
Diffuse the Scientific Information: a Priority .....	129

**Environment**

A Call for a Tree Revolution .....	85
------------------------------------	----

**Fertilizers**

Effect of Fertilization and Cutting Frequency on the Yield of <i>Brachiaria ruziziensis</i> GERMAIN and EVRARD in Adamawa Plateau-Cameroon.....	9
-------------------------------------------------------------------------------------------------------------------------------------------------	---

**Fish farming**

A Study of the Fish Farms in Southern Delta State, Nigeria.....	131
A study of Ecological Traits in Two <i>Chrysichthys</i> Species ( <i>C. auratus</i> and <i>C. nigrodigitatus</i> ; Pisces, Claroteidae) in the Lake Nokoue-Porto-Novo Lagoon (South Benin) .....	153

**Food Crops**

Statistical Analysis of Food Production in Zaire.....	3
Technology Innovation for Small Farming System in Burundi Highland (Bututsi).....	34
Control of the Cassava Mealybug <i>Phenacoccus manihoti</i> MATILE-FERRERO and the Cassava Green Mite <i>Mononychellus tanajoa</i> BONDAR in Zaire: A Review .....	43
Differential Genotypic Responses of Spring Wheat Early Seedling Growth to Limited Moisture Conditions .....	50
Yield of Potato as Influenced by Crop Sanitation and Reduced Fungicidal Treatments .....	89
Field Tests of Resistance to the Rice Blast in Zaire .....	93
Rapid Multiplication of Banana and Plantain Trees in Cameroon .....	109

**Forestry**

A Call for a Tree Revolution .....	85
------------------------------------	----

**Human Nutrition**

The New Trends of Food Aid and Food Security Policy of the European Union .....	1
Food Deficiency in the Sangha Region - Congo .....	54
Diversity and Importance of Caterpillars in the Diet of the Populations of Zaire.....	72
Food Economy: Analysis of Food Consumption Pattern of the Rural Area of Cameroon .....	87
A study of Ecological Traits in Two <i>Chrysichthys</i> Species ( <i>C. auratus</i> and <i>C. nigrodigitatus</i> ; Pisces, Claroteidae) in the Lake Nokoue-Porto-Novo Lagoon (South Benin) .....	153

**Infrastructure**

Technology Innovation for Small Farming System in Burundi Highland (Bututsi).....	34
Collective or Individual Ownership: Current Changes in Agricultural Land Practices in Senegal .....	103
Improvement of Villager Ndama Cattle Husbandry Practices: the Example of Madina-Diassa in the South of Mali .....	164

**Minilivestock**

Diversity and Importance of Caterpillars in the Diet of the Populations of Zaire .....	72
Consumption and Food Digestibility by the Grass-Cutter <i>Thryonomys swinderianus</i> .....	123

**Plant Conservation**

Compared Effect of <i>Nicotiana tabacum</i> L. , <i>Cymbopogon citratus</i> (D.C.) STAPF Powders and Castor Oil <i>Ricinus communis</i> L. on Conservation of Cowpea <i>Vigna unguiculata</i> (L.) WALP Grains .....	59
Compared Effect of Four Plant Essential Oils against Cowpea Weevil <i>Callosobruchus maculatus</i> FAB. and Rice Weevil <i>Sitophilus oryzae</i> L..	143
Characterisation of Grasshopper Chemical Control in Northern Burkina Faso(1990-1992).....	155
Preliminary Inventory of Pests and Natural Enemies on Cotton in Oueme Department, Benin .....	160

**Plant Pathology**

Control of the Cassava Mealybug <i>Phenacoccus manihoti</i> MATILE-FERRERO and the Cassava Green Mite <i>Mononychellus tanajoa</i> BONDAR in Zaire: A Review .....	43
Yield of Potato as Influenced by Crop Sanitation and Reduced Fungicidal Treatments .....	89
Field Tests of Resistance to the Rice Blast in Zaire .....	93

**Plant Production**

Statistical Analysis of Food Production in Zaire.....	3
Effect of Fertilization and Cutting Frequency on the Yield of <i>Brachiaria ruziziensis</i> GERMAIN and EVRARD in Adamawa Plateau-Cameroon.....	9
Technology Innovation for Small Farming System in Burundi Highland (Bututsi).....	34
Differential Genotypic Responses of Spring Wheat Early Seedling Growth to Limited Moisture Conditions .....	50
Food Deficiency in the Sangha Region - Congo .....	54
Food Economy: Analysis of Food Consumption Pattern of the Rural Area of Cameroon .....	87
Rapid Multiplication of Banana and Plantain Trees in Cameroon .....	109
Effects of the Herbaceous Vegetation Removing on the Soil Moisture and on the Initial Growth of a Monoclonal Plantation of <i>Eucalyptus</i> 12 <i>ABL x Saligna</i> .....	147
Characterisation of Grasshopper Chemical Control in Northern Burkina Faso.(1990-1992).....	155

**Plant Protection**

Control of the Cassava Mealybug <i>Phenacoccus manihoti</i> MATILE-FERRERO and the Cassava Green Mite <i>Mononychellus tanajoa</i> BONDAR in Zaire: A Review .....	43
Yield of Potato as Influenced by Crop Sanitation and Reduced Fungicidal Treatments .....	89
Compared Effect of Four Plant Essential Oils against Cowpea Weevil <i>Callosobruchus maculatus</i> FAB. and Rice Weevil <i>Sitophilus oryzae</i> L..	143
Effects of the Herbaceous Vegetation Removing on the Soil Moisture and on the Initial Growth of a Monoclonal Plantation of <i>Eucalyptus</i> 12 <i>ABL x Saligna</i> .....	147
Characterisation of Grasshopper Chemical Control in Northern Burkina Faso(1990-1992).....	155
Preliminary Inventory of Pests and Natural Enemies on Cotton in Oueme Department, Benin .....	160

**Poultry**

Survey on Traditional Poultry Production in Cameroon .....	22
Growth Performance of Pekin Ducks Fed with Golden Snail and Fresh Banana Peelings.....	135

**Projects**

The Mato Grosso Grasshopper: Could Agriculture Be the Main Cause?.....	32
Awakening of Countrywomen of the Community Development in Lwiro Region, South Kivu - Zaire .....	62
Extension Work at a Small Husbandry Development Project in North Kivu - Zaire .....	117
Characterisation of Grasshopper Chemical Control in Northern Burkina Faso(1990-1992).....	155
Improvement of Villager Ndama Cattle Husbandry Practices: the Example of Madina-Diassa in the South of Mali .....	164

**Research and Development**

The Agricultural Land-Use in Eroding Uplands: A Case Study in The Philippines .....	25
Improvement of Villager Ndama Cattle Husbandry Practices: the Example of Madina-Diassa in the South of Mali .....	164

**Rural Development**

Technology Innovation for Small Farming System in Burundi Highland (Bututsi).....	34
Awakening of Countrywomen of the Community Development in Lwiro Region, South Kivu - Zaire .....	62
Food Economy: Analysis of Food Consumption Pattern of the Rural Area of Cameroon .....	87
Extension Work at a Small Husbandry Development Project in North Kivu - Zaire .....	117
Improvement of Villager Ndama Cattle Husbandry Practices: the Example of Madina-Diassa in the South of Mali .....	164

**Small Ruminants**

Extension Work at a Small Husbandry Development Project in North Kivu - Zaire .....	117
-------------------------------------------------------------------------------------	-----

**Sociology**

Technology Innovation for Small Farming System in Burundi Highland (Bututsi).....	34
Awakening of Countrywomen of the Community Development in Lwiro Region, South Kivu - Zaire .....	62
Collective or Individual Ownership: Current Changes in Agricultural Land Practices in Senegal .....	103

**Soil Science**

The Agricultural Land-Use in Eroding Uplands: A Case Study in The Philippines .....	25
Effects of the Herbaceous Vegetation Removing on the Soil Moisture and on the Initial Growth of a Monoclonal Plantation of <i>Eucalyptus</i> 12 ABL x <i>Saligna</i> .....	147

**Veterinary Medicine**

Gastrointestinal Strongyle Egg Output and its Relationship with Tick Burden in Gambian N'Dama and Gobra.....	19
Mortalities Analyses by the Ovines in Nioka (Ituri-Zaire) .....	139

**Video**

-------	----

Revista científica y de información dedicada a los problemas rurales en los países en vía de desarrollo. Es editada por la Administración General de la Cooperación al Desarrollo (A.G.C.D.)

Se publica cuatro veces por año (en marzo, junio, septiembre y diciembre)

**Redacción:** Agri-Overseas. Es una asociación creada con el fin de establecer relaciones profesionales o de interés comunes entre quienes laboran por el desarrollo rural en ultra-mar.

**Coordinador científico:** Profesor honorario Dr. Ir. J. Hardouin

**Comisión científica:** integrada por un representante de cada una de las instituciones belgas siguientes: - El Sra. S. Gerlo, Administradora General, a.i., de la Administración General de la Cooperación al Desarrollo, Bruselas(A.G.C.D.) - El Profesor honorario J. Hardouin y el Profesor P. Kageruka, Departamento de Producción y Sanidad Animales, Instituto de Medicina Tropical, Amberes (D.P.S.A./I.M.T.) - El Profesor J. Wouters, Departamento de Agronomía, Universidad Libre de Bruselas (U.L.B.) - El Profesor C. Reizer, Fundación Universitaria del Luxembourg (F.U.L.) - El Profesor J. Vanderveken, Facultad de Ciencias Agronómicas, Gembloux (F.S.A.Gx.) - El Profesor J. Vercruyssen, Facultad de Medicina Veterinaria, Universidad de Gante (U.G.) - El Profesor P. Van Damme, Facultad de Ciencias Agronómicas, Universidad de Gante (U.G.) - El Profesor F. Lomba, Facultad de Medicina Veterinaria, Universidad de Lieja (U.Lg.) - El Profesor R. Swennen, Facultad de Ciencias Agronómicas, Universidad Católica de Lovaina (K.U.L.) - El Profesor M. Verhoyen, Facultad de Ciencias Agronómicas, Universidad Católica de Lovaina (U.C.L.) - El Profesor J.C. Micha, Facultades Universitarias Nuestra Señora de la Paz, Namur (F.U.N.D.P.)

**Secretaría, Redacción:** Agri-Overseas / Tropicultura, c/o A.G.C.D., Of. 605 Rue du Trône, 4, B. 1000 Bruselas, Bélgica. Tel.: 32.2/519.04.47

**Distribución:** gratuita, a petición escrita.

### Recomendaciones para los autores

#### Condiciones generales:

Enviar el original de los manuscritos y 2 copias a Agri-Overseas a la dirección arriba mencionada. Se puede escribir en cuatro idiomas; Francés, Inglés, Neerlandés o Español. Indicar claramente la dirección del autor. Cada artículo será sometido por la Comisión de Redacción a 2 lectores especializados en el tema tratado y será eventualmente devuelto al autor, para ser corregido o adaptado. De todos modos se guardará un ejemplar en los archivos de Agri-Overseas. Los autores recibirán gratuitamente 20 publicados separadamente del artículo.

#### Instrucciones prácticas:

El manuscrito comprenderá como máximo 10 páginas escritas a máquina con doble interlinea y con un margen a la izquierda de 5 cm en papel blanco de formato DIN A4 (21 x 29,7 cm).

#### Presentación:

Autores: debajo del título. los apellidos en minúsculas para las iniciales del nombre (nombre completo para las damas), con asterisco para remitir a 1ª nota en pie de página donde figurará la identificación de las instituciones.

Palabras claves: 7 como máximo en Inglés (Keywords)

Resumen: en el idioma del artículo y en Inglés (Max.: 200 palabras)

Introducción

Material y métodos u observaciones

Resultados

Discusión

Conclusiones

Agradecimientos

Las referencias bibliográficas se darán por orden alfabético según el apellido de los autores y serán numeradas de 1 a x. Referir en el texto a estos números (entre paréntesis).

Las referencias comprenderán:

- Para las revistas: el apellido de los autores seguido de las iniciales de los nombres, el año de publicación, el título completo del artículo en el idioma de origen, el título de la revista, el número del volumen subrayado, la primera y la última página.

Ejemplo: Poste G., 1972, Mechanisms of virus induced cell fusion, Int. Rev. Cytol. 33, 157, 222

- Para las obras: el apellido de los autores seguido de las iniciales de los nombres, el año de publicación, el título completo de la obra, el nombre del editor, el lugar de edición, la primera y la última página del capítulo citado

Ejemplo: Korbach M.M. & Ziger R.S., 1972, Heterozygotes detection in Tay- Sachs disease. A prototype community screening program for the prevention of recessive genetic disorders. pp 613 - 632 in: B.W. Volks en S.M. Aronson (Editors), Sphingolipids and allied disorders Plenum, New-York

Tablas y figuras serán presentadas cuidadosamente en páginas separadas y con numeración arábiga al verso. Las figuras estarán dibujadas de modo profesional. Las fotografías se entregarán non-montadas y bien contrastadas sobre papel brillante y numeradas al verso. Los títulos y las leyendas se escribirán en una misma página separada.

**Observaciones:** - Evitar las notas al pie de la página

- Evitar el empleo de guiones

- Evitar las mayúsculas inútiles

- Dar la nacionalidad, los diplomas y la función de cada autor

- Dar la traducción del título en Inglés

La Comisión de redacción se reserva el derecho de rechazar los artículos que no estén conformes a las prescripciones susodichas.
