Index Subjects

Agricultural Techniques

Contribution on the elaboration of a New Cotton Protection Programme in Burundi (<i>in French</i>)	10
Optimization of Anaerobic Digestion of Cattle Manure. Effect of its Association with the Aquatic Weed <i>Pistia</i> (<i>Pistia stratiotes</i>) (<i>in English</i>)	51
Effect of <i>Leucaena leucocephala</i> , Poultry Manure or Cattle Manure on Maize Productivity on Feralitic Soil "terre de barre" ⁺ in South Benin (<i>in French</i>)	67
Water Productivity of Irrigated Rice Under Transplanting, Wet Seeding and Dry Seeding Methods of Cultivation (<i>in English</i>)	100
Evaluation of Different Tillage Practices for Monocultural Cowpea (<i>Vigna unguiculata</i> (L.) WALP) Production in Ibadan, South Western Nigeria (<i>in English</i>)	195

Animal Health

Incidence of Four Gastro-Intestinal Parasite Worms in a Group of <i>Cricetomys cricetomys gambianus</i> (Rodent : Cricetidae), Caught in Lukaya - Democratic Republic of Congo. (<i>in French</i>)	132
--	-----

Animal Nutrition

The Use of Golden Snail <i>Pomacea</i> sp. as Animal Feed in The Philippines (<i>in English</i>)	40
The Grazing Habitat of Roe Deer (<i>Capreolus capreolus</i> L.), Measurement of the Degree of Stress on the Vegetation and Indicator of its Alimentary Regime in Lauzelle Woods (<i>in French</i>)	141
Improvement of the Nutritive Value of the Rice Straw by Urea Treatment and Cereals Complementation (<i>in French</i>)	163

Animal Production

Effects of Low Plane of Nutrition on the Development of Lean Muscle, Bone and Fat in the West African Dwarf Goats of Nigeria. (<i>in English</i>)	3
Endocrine Response of Hybrid Rabbits of Different Ages and Under Two Environmental Temperature Conditions (<i>in English</i>)	22
Preliminary Results on Artificial Insemination of Cattle in Suriname. Case Study : Commewijne District. (<i>in English</i>)	27
The Use of Golden Snail <i>Pomacea</i> sp. as Animal Feed in The Philippines (<i>in English</i>)	40
Nutritional and Reproductive Features and Productive Potential of Tepezcuintle <i>Agouti paca</i> (<i>in Spanish</i>)	147

Improvement of the Nutritive Value of the Rice Straw by Urea Treatment and Cereals Complementation (<i>in French</i>)	163
Reproductive Performance of Massa Sheep in Far-North's Station of Cameroon (<i>in French</i>)	177
Estrus Synchronisation and Post-Partum Management of " Mossi" Local Breed of Goat in Burkina Faso (<i>in English</i>).....	190
Appropriated Technology	
Optimization of Anaerobic Digestion of Cattle Manure. Effect of its Association with the Aquatic Weed Pistia (<i>Pistia stratiotes</i>) (<i>in English</i>)	51
Bibliography	44, 93, 159, 220
Cash Crops	
Biological Control by Three Strains of <i>Arthrobotrys oligospora</i> : Characterization and Effects on <i>Meloidogyne mayaguensis</i> Parasitizing Tomato in Senegal (<i>in French</i>)	109
The Role of Stomatal Traits and Epicuticular Wax in Resistance to <i>Mycosphaerella fijiensis</i> in Banana and Plantain (<i>Musa</i> spp.) (<i>in French</i>)	136
Field Plot Techniques for Black Sigatoka Evaluation in East African Highlands Bananas (<i>in English</i>)	186
Ecology	
Biosphere Reserves, Biodiversity and Sustainable Farming Development (<i>in French</i>)	49
The Grazing Habitat of Roe Deer (<i>Capreolus capreolus</i> L.), Measurement of the Degree of Stress on the Vegetation and Indicator of its Alimentary Regime in Lauzelle Woods (<i>in French</i>)	141
Economics	
Peri-urban Dry Season Vegetable Production in Ibadan, Nigeria (<i>in English</i>)	61
The Tabaski Ram Pricing of Dakar - Factors Explaining Sale Prices (<i>in French</i>)	105
Impact of Field Location on Labor Productivity in Cassava Production in Sub-Sahara Africa (<i>in French</i>)	123
Socio-Economic Analysis of Farming Risks in Food Crop Production in Edo North, Nigeria (<i>in English</i>)	127
The Structure of Corn Marketing in Togo Revealed by Price Analysis (<i>in French</i>)	153
Cost of Soil Fertility Degradation in the Cotton Area of Cameroon : Impact on the Environment (<i>in French</i>)	203
Editorials	
Editorial (<i>in French</i>)	1
Biosphere Reserves, Biodiversity and Sustainable Farming Development (<i>in French</i>)	49
Successfull projects, fail projects (<i>in French</i>)	97
Union Makes Strength (<i>in French</i>)	161
Environment	
Biosphere Reserves, Biodiversity and Sustainable Farming Development (<i>in French</i>)	49
Cost of Soil Fertility Degradation in the Cotton Area of Cameroon : Impact on the Environment (<i>in French</i>)	203
Fertilizers	
Optimization of Anaerobic Digestion of Cattle Manure. Effect of its Association with the Aquatic Weed Pistia (<i>Pistia stratiotes</i>) (<i>in English</i>)	51
Effect of <i>Leucaena leucocephala</i> , Poultry Manure or Cattle Manure on Maize Productivity on Feralitic Soil "terre de barre" ⁴ in South Benin(<i>in French</i>)	67
Fisheries	
Growth, Reproduction and Exploitation of <i>Limnothrissa miodon</i> (Boulenger, 1906), in Lake Kivu, Bukavu Bassine-Rep. Democratic of Congo. (<i>in French</i>)	91
Technical Characteristics of Fish Farming in the Forestry Zone of Center Cameroon (<i>in French</i>)	180
Larva's Catch of Sardine <i>Limnothrissa miodon</i> in Lake Kivu (RD Congo) : Potential Danger ? (<i>in French</i>).....	214
Food Crops	
Evaluation of Genetic Variations and Breeding Values of Durum Wheat Lines in a Semi-Arid Environment of Tunisia (<i>in English</i>) ..	18
Physiological Specialization of <i>Septoria tritici</i> in North Africa (<i>in English</i>)	33
Socio-Economic Analysis of Farming Risks in Food Crop Production in Edo North, Nigeria (<i>in English</i>)	127
The Structure of Corn Marketing in Togo Revealed by Price Analysis (<i>in French</i>)	153
Balance of Three Nitrogen ¹⁵ N Fertilizers in a Cuban Oxisol Cultivated with <i>Coffea arabica</i> L. (<i>in Spanish</i>)	169
Evaluation of Different Tillage Practices for Monocultural Cowpea (<i>Vigna unguiculata</i> (L.) WALP) Production in Ibadan, South Western Nigeria (<i>in English</i>)	195
Hydrobiology	
Water Productivity of Irrigated Rice Under Transplanting , Wet Seeding and Dry Seeding Methods of Cultivation (<i>in English</i>)	100
Marketing	
The Tabaski Ram Pricing of Dakar - Factors Explaining Sale Prices (<i>in French</i>)	105
The Structure of Corn Marketing in Togo Revealed by Price Analysis (<i>in French</i>)	153
Minilivestock	
Preliminary Note on a Study of the Growth and the Reproduction in the African Giant Snails <i>Archachatina</i> and <i>Achatina</i> (<i>in French</i>)	84
Influence of Worm Density on the Growth of <i>Eudrilus Eugeniae</i> (<i>in English</i>)	89
Incidence of Four Gastro-Intestinal Parasite Worms in a Group of Cricetomas <i>Cricetomys gambianus</i> (Rodent : Cricetidae), Caught it Lukaya - Democratic Republic of Congo. (<i>in French</i>)	132
Nutritional and Reproductive Features and Productive Potential of Tepezcuintle <i>Agouti paca</i> (<i>in Spanish</i>)	147
Commercial Frog Production in Malaysia (<i>in French</i>)	209
Shell Shape, Growth, Reproduction and Estivation in Giant African Landsnails : Observations in Laboratory on " <i>Archachatina marginata</i> <i>sufuralis</i> , <i>Achatina achatina</i> and <i>Achatina fulica</i> " (<i>in French</i>)	217
Parasitology	
Incidence of Four Gastro-Intestinal Parasite Worms in a Group of Cricetomas <i>Cricetomys gambianus</i> (Rodent : Cricetidae), caught it Lukaya - Democratic Republic of Congo. (<i>in French</i>)	132
Presence of Antibodies to Infectious Bursal Disease Virus in Semi-intensively Reared Pearl Guinea Fowls in Nigeria (<i>in English</i>)	151

Plant Breeding

Evaluation of Genetic Variations and Breeding Values of Durum Wheat Lines in a Semi-Arid Environment of Tunisia (<i>in English</i>)	18
Ploidy Variation in Hybrids from Interploid 3X x 2X Crosses in <i>Musa</i> (<i>in English</i>)	37
High vs. Low Stress Yield Test Environments for Identifying Drought Tolerant Durum Wheat Cultivars (<i>in English</i>)	71
Evaluation of Different Tillage Practices for Monocultural Cowpea (<i>Vigna unguiculata</i> (L.) WALP) Production in Ibadan, South Western Nigeria (<i>in English</i>)	195

Plant Pathology

Physiological Specialization of <i>Septoria tritici</i> in North Africa (<i>in English</i>)	33
High vs. Low Stress Yield Test Environments for Identifying Drought Tolerant Durum Wheat Cultivars (<i>in English</i>)	71
Chemical Control of Common Wheat Bunt Disease in Tunisia (<i>in French</i>)	80
Biological Control by Three Strains of <i>Arthrobotrys oligospora</i> : Characterization and Effects on <i>Meloidogyne mayaguensis</i> Parasitizing Tomato in Senegal (<i>in French</i>)	109
The Role of Stomatal Traits and Epicuticular Wax in Resistance to <i>Mycosphaerella fijiensis</i> in Banana and Plantain (<i>Musa</i> spp.) (<i>in French</i>)	136

Plant Production

Evaluation of Genetic Variations and Breeding Values of Durum Wheat Lines in a Semi-Arid Environment of Tunisia (<i>in English</i>)	18

Cost of Soil Fertility Degradation in the Cotton Area of Cameroon : Impact on the Environment (<i>in French</i>)	203

Plant Protection

Anophelinocidal Activity of Volatile Oil from <i>Tagetes minuta</i> L. (Asteraceae) (<i>in English</i>)	8
Contribution on the elaboration of a New Cotton Protection Programme in Burundi (<i>in French</i>)	10
Physiological Specialization of <i>Septoria tritici</i> in North Africa (<i>in English</i>)	33
Biological Control by Three Strains of <i>Arthrobotrys oligospora</i> : Characterization and Effects on <i>Meloidogyne mayaguensis</i> Parasitizing Tomato in Senegal (<i>in French</i>)	109
The Role of Stomatal Traits and Epicuticular Wax in Resistance to <i>Mycosphaerella fijiensis</i> in Banana and Plantain (<i>Musa</i> spp.) (<i>in French</i>)	136
Observation on the Effects of Different Methods of Processing Cassava Chips on Chips Damage Due to Insect Attacks during Storage (<i>in French</i>)	173

Poultry

Presence of Antibodies to Infectious Bursal Disease Virus in Semi-intensively Reared Pearl Guinea Fowls in Nigeria (<i>in English</i>)	151
--	-----

Projects

Successful Projects, Fail Projects (<i>in French</i>)	97
---	----

Rural Development

The Incidence of the Cropping Season on the Breeding of Small Ruminants in a Densely Populated Area : Case of the Western Highlands in Cameroon (<i>in French</i>)	56
Impact of Field Location on Labor Productivity in Cassava Production in Sub-Sahara Africa (<i>in French</i>)	123

Ruminants

Effects of Low Plane of Nutrition on the Development of Lean Muscle, Bone and Fat in the West African Dwarf Goats of Nigeria. (<i>in English</i>)	3
Preliminary Results on Artificial Insemination of Cattle in Suriname. Case Study : Commewijne District. (<i>in English</i>)	27
The Incidence of the Cropping Season on the Breeding of Small Ruminants in a Densely Populated Area : Case of the Western Highlands in Cameroon (<i>in French</i>)	56
Effect of <i>Leucaena leucocephala</i> , Poultry Manure or Cattle Manure on Maize Productivity on Feralitic Soil "terre de barre" ⁺ in South Benin (<i>in French</i>)	67
The Tabaski Ram Pricing of Dakar - Factors Explaining Sale Prices (<i>in French</i>)	105
Reproductive Performance of Massa Sheep in Far-North's Station of Cameroon (<i>in French</i>)	177

Sociology

Biosphere Reserves, Biodiversity and Sustainable Farming Development (<i>in French</i>)	49
From Soil Survey to Land Use Planning and National Soils Policies (<i>in English</i>)	74

Soil Science

From Soil Survey to Land Use Planning and National Soils Policies (<i>in English</i>)	74
Effect of Four Methods of Soil Tillage on Soil Physical Characteristics and Water Content. (<i>in French</i>)	116

Veterinary Science

Effects of Low Plane of Nutrition on the Development of Lean Muscle, Bone and Fat in the West African Dwarf Goats of Nigeria. (<i>in English</i>)	3
Endocrine Response of Hybrid Rabbits of Different Ages and Under Two Environmental Temperature Conditions (<i>in English</i>)	22
Preliminary Results on Artificial Insemination of Cattle in Suriname. Case Study : Commewijne District. (<i>in English</i>)	27
Incidence of Four Gastro-Intestinal Parasite Worms in a Group of <i>Cricetomys gambianus</i> (Rodent : Cricetidae), Caught in Lukaya - Democratic Republic of Congo. (<i>in French</i>)	132
Nutritional and Reproductive Features and Productive Potential of Tepezcuintle <i>Agouti paca</i> (<i>in Spanish</i>)	147
Presence of Antibodies to Infectious Bursal Disease Virus in Semi-intensively Reared Pearl Guinea Fowls in Nigeria (<i>in English</i>)	151
Estrus Synchronisation and Post-Partum Management of " Mossi" Local Breed of Goat in Burkina Faso (<i>in English</i>)	190

AGRI-OVERSEAS, asociación sin ánimo de lucro (ASBL) creada con el fin de establecer relaciones profesionales de intereses comunes entre quienes laboran por el desarrollo rural en ultra-mar.

Agri-Overseas publica una revista científica y de información «**TROPICULTURA**» consagrada a los problemas rurales en los países en desarrollo, la cual es editada trimestralmente por la Administración General de la Cooperación para el Desarrollo (A.G.C.D.).

Organización: Agri-Overseas se compone de instituciones belgas: las cuatro Facultades de Ciencias agronómicas (Gembloux, Gante-RUG, Lovaina-KUL y Lovaina la Nueva-UCL), las dos Facultades de Medicina veterinaria (Gante y Lieja), el Departamento de Producción y salud animales del Instituto de Medicina Tropical de Amberes (Antwerpen), la Sección interfacultaria de Agronomía de la Universidad Libre de Bruselas, las Facultades universitarias Nuestra Señora de la Paz (Namur) y la Fundación universitaria de Luxemburgo (Arlon), la Administración General de la Cooperación para el Desarrollo y de algunos miembros individuales.

Consejo de Administración: Actualmente está compuesto de un Presidente, el Professor Dr J. Vercruysse, un Administrador delegado, Dr. Ir. G. Mergeai, un Secretario, Dr E. Thys, un Tesorero, el Profesor honorario Dr. P.Kageruka, y de dos miembros, el Profesor honorario Dr Ir J.Hardouin y el Profesor honorario Dr. C.Reizer.

Comité de redacción: Está constituido actualmente de dos jefes de redacción, el Dr. Ir. G.Mergeai y de redactores delegados el Profesor J. Deckers para el rubro « ecología », el Profesor C. Renard para « agrostología », el Profesor Dr Ir. P. Van Damme para el rubro « Agronomía y Forestería », el Profesor Dr J. Vercruysse para « salud animal », el Profesor Dr. A. Verhulst para « producción animal y caza », y el Profesor Dr. Ir. C. Reizer para « pesca y piscicultura ».

El secretariado tratará temas tales como la economía, la sociología, etc.

Secretaría - Redacción: Agri-Overseas/ Tropicultura c/o A.G.C.D., Rue Brederode, 6, B-1000 Bruselas, Bélgica. Teléfono: 32.2/519.04.76.

Distribución: gratuita según petición escrita.

INSTRUCCIONES PARA LOS AUTORES

Condiciones generales

Los manuscritos (original y cuatro copias) serán enviados a Agri-Overseas a la dirección arriba indicada. Estos pueden ser escritos en uno de los cuatro idiomas siguientes: Francés, Inglés, Neerlandés y Español. Indicar claramente la dirección del autor. Presentar la traducción inglesa del título. El Comité de redacción someterá el texto a dos lectores, especialistas del tema tratado y será eventualmente devuelto al autor, para ser corregido o adaptado. De todos modos se guardará un ejemplar en los archivos de Agri-Overseas. Los autores recibirán gratuitamente 20 publicados separadamente del artículo.

Instrucciones prácticas

El manuscrito comprenderá como máximo 10 páginas escritas a máquina con doble interlinea y con margen a la izquierda de 5 cm en papel blanco de formato DIN A4 (21 x 29.7 cm) á sobre disquetta.

Presentación

Título: corto y en minúsculas

Autores: debajo del título. Los apellidos en minúsculas para las iniciales del nombre (nombre completo para las damas), con asterisco para remitir a la nota en pie de página donde figurará la identificación de las instituciones.

Palabras claves: 7 como máximo en Inglés (Key words)

Resumen: en el idioma del artículo y en Inglés (Max. 200 palabras)

Introducción

Material y métodos u observaciones

Resultados

Discusión

Conclusiones

Agradecimientos

Las referencias bibliográficas se darán por orden alfabético según el apellido de los autores y serán numeradas de 1 a x.

Referir en el texto a estos números (entre paréntesis).

Las referencias comprenderán:

– Para las revistas: el apellido de los autores seguido de las iniciales de los nombres, el año de publicación, el título completo del artículo en el idioma de origen, el título de la revista, el número del volumen subrayado, la primera y la última página.

Ejemplo: Poste G., 1972, Mechanisms of virus induced cell fusion Int. Rev. Cytol. 33, 157-222..

– Para las obras: el apellido de los autores seguido de las iniciales de los nombres, el año de publicación, el título completo de la obra, el nombre del editor, el lugar de edición, la primera y la última página del capítulo citado.

Ejemplo: Korbach M.M. & Ziger R.S., 1972, Heterozygotes detection in Tay-Sachs disease. A prototype community screening program for the prevention of recessive genetic disorders, pp. 613-632 in: B.W. Volks en S.M. Aronson (Editors). Sphingolipids and allied disorders Plenum, New York.

Tablas y figuras estarán presentadas cuidadosamente en páginas separadas y con numeración arábica al verso. Las figuras estarán dibujadas de modo profesional. Las fotografías se entregarán non-montadas u bien contrastadas sobre papel brillante y numeradas a verso. Los títulos y las leyendas se escribirán en una misma página separada.

Observaciones: – Evitar las notas al pie de la página

– Evitar el empleo de guiones

– Evitar las mayúsculas inútiles

– Dar la nacionalidad, los diplomas, y la función de cada autor

– Dar la traducción del título en Inglés

– La Comisión de Redacción se reserva el derecho de rehusar todo artículo que no esté conforme a las prescripciones susodichas
