Index Subjects

Alternative Technology

Development, popularization and integration of biomethanation technology in Burundi (*in French*) 108

Animal Production

Choice of a measure to follow herds improved in Senegal (*in French*) 99

A note on the observation made in Guinea concerning limitation of trypanotolerance in N'Dama cattle (*in French*) 103

Cattle keeping among the Dinka from Southern Sudan (*in English*) 151

Pig production in State farms at Ho-Chi-Minh Ville, Vietnam (*in French*) 106

Artificial Insemination

First artificial insemination trials with deep frozen semen imported from Kenya in Burundi (*in French*) 55

Biometry / Statistics

Biometry in the Third World (*in English*) 122

Bibliography

34 - 74 - 115 - 157

Cash Crops

Sunflower cultivation in tropical Africa (*in French*) 105

Adaptation of rainfed rice to water shortage (*in French*) 128

Cattle

Nutritional osteopathy in indoors calves fed with high wheat bran content diets (*in French*) 10

Contribution to the study of bovine cysticercosis at the Maroua's slaughterhouse (*in French*) 18

Choice of a measure to follow herds improved in Senegal (*in French*) 99

A note on the observation made in Guinea concerning limitation of trypanotolerance in N'Dama cattle (*in French*) 103

Cattle keeping among the Dinka from Southern Sudan (*in English*) 151

Compost

Scrub compost in Tunisia — Comité Jean Pain (*in French*) 70

Crops Ravagers

The impact of granivorous birds on cereal farming in the central delta of Niger river in Mali (*in French*) 133

Economics

Rwanda agricultural survey and analysis project summary (*in English*) 25

Market economic analysis of food products in Burundi. Time series analysis of bean prices (*in French*) 86

Editorials

To the readers (*in French and in Dutch*) 1

Letter of the president (*in Dutch and in French*) 3

For a co-operation through Deed of Results (*in French*) 37

Belgian presence in developing countries (*in English*) 77

Universities and development of co-operation (*in Dutch*) 121

Education

- A possibility to solve education problems of expatriate French-speaking children (*in French*) 72
- Teaching by correspondence (*in Dutch*) 112

Fodder

- Apomixis, sexuality and improvement of tropical grasses (*in French*) 5
- Usefulness of *Bombacopsis glabra* (Pasquale) A. Robyns (Bombacaceae) for animal and human nutrition (*in French*) 78

Food Crops

- Phaseolus* beans, a staple food in Burundi (*in English*) 43
- Usefulness of *Bombacopsis glabra* (Pasquale) A. Robyns (Bombacaceae) for animal and human nutrition (*in French*) 78

Interviews

30 - 71 - 110 - 153

Letters

32 - 72 - 112

Meetings

28 - 111 - 154

Message

- One year later (*in French, in Dutch, in English and in Spanish*) 155

News

27 - 75 - 118 - 159

Nutrition

- Usefulness of *Bombacopsis glabra* (Pasquale) A. Robyns (Bombacaceae) for animal and human nutrition (*in French*) 78

Pig

- Study of intracranial abscesses by the pig in the area of Lubumbashi, Zaïre (*in French*) 52
- Pig production in State farms at Ho-Chi-Minh Ville, Vietnam (*in French*) 106

Plant Pathology

- Plant viruses in Burundi (*in French*) 21
- Identification of a strain of maize dwarf mosaic virus, related to sugarcane mosaic virus isolated from maize in Burundi (*in English*) 39

Products of Animal Origin

- Contribution to the study of bovine cysticercosis at the Maroua's slaughterhouse (*in French*) 18

Projects

- Rwanda agricultural survey and analysis project summary (*in English*) 25
- Scrub compost in Tunisia — Comité Jean Pain (*in French*) 70
- Development, popularization and integration of biomethanation technology in Burundi (*in French*) 108

Research and Development

- Operational research as a tool for farming research in Thies-Djourbel (Senegal) (*in French*) 47

Rural Engineering

- Improvement of the thermal balance under polyethylene greenhouse (*in French*) 59
- Agronomical and biological results of solar energy heating by the combination of the sunstock system with an outside captor on a muskmelon crop grown in polyethylene greenhouses (*in English*) 142

Selection

- Adaptation of rainfed rice to water shortage (*in French*) 128

Soil Sciences

- Relations between exchangeable aluminium and some physico-chemical properties of oxisoils in Cameroon (*in French*) 14

Solar Energy

- Agronomical and biological results of solar energy heating by the combination of the sunstock system with an outside captor on a muskmelon crop grown in polyethylene greenhouses (*in English*) 142

Veterinary Medicine

- Nutritional osteopathy in indoors calves fed with high wheat bran content diets (*in French*) 10
- Contribution to the study of bovine cysticercosis at the Maroua's slaughterhouse (*in French*) 18
- Study of intracranial abscesses by the pig in the area of Lubumbashi, Zaïre (*in French*) 52
- A note on the observation made in Guinea concerning limitation of trypanotolerance in N'Dama cattle (*in French*) 103
- Ambrosia maritima* L. a promising molluscicide of plant origin (*in French*) 136

Wildlife

- Exploitation of wildlife in Central African Republic (*in French*) 23
