 Vietnam 48

INDEX SUBJECTS

- Animal Health**
 Evaluation of the Efficiency of Aqueous Extracts of Papaw Seeds (*Carica papaya* L.) for the Treatment of Caecum *Eimeria tenella* Coccidiosis in Broiler Chicken (*in French*) 153
- Animal Nutrition**
 Zootechnic Performances Compared between Freshwater Rotifer *Brachionus calyciflorus* and Nauplii *Artemia salina* in River Perch *Perca fluviatilis* L. (*in French*) 31
 Evaluation of Dual-purpose Cowpea (*Vigna unguiculata* (L.) Walp.) Varieties for Grain and Fodder Production at Shika, Nigeria (*in English*) 42
 Estimation of Energy Requirement of Benin Indigenous Pigs during Growing Period from 7 to 22 kg Liveweight (*in French*) 56

Contribution to the Study of the Nutritional Requirements in the Larvas and Juveniles of the River Perch (<i>Perca fluviatilis</i> L.) (in English)	92
Farmers' Practices and Strategies for Ruminants' Supplementation in Mixed Crop-livestock Farming Systems in the Central Plateau and North of Burkina-Faso (in French)	122
Animal Production	
Effect of Production Systems on Age at First Calving on Borgou Cow in Benin. -Retrospective Study (in French)	51
Estimation of Energy Requirement of Benin Indigenous Pigs during Growing Period from 7 to 22 kg Liveweight (in French)	56
Hematological Characteristics of Ducks (<i>Cairina moschata</i>) of Southeastern Nigeria (in English)	61
Farmers' Practices and Strategies for Ruminants' Supplementation in Mixed Crop-livestock Farming Systems in the Central Plateau and North of Burkina-Faso (in French)	122
The Performances of Somba Cattle Race in Rural Area (in French)	135
Genetic Resources of the Local Chickens in Tunisia (in French)	167
Hematological Values of out Bred Domestic Rabbits in Eastern Nigeria (in English)	186
Aquatic Medium	
Use of Ciliate Protozoa (<i>Paramecium africanum</i> , <i>Colpidium uncinatum</i> , <i>Neobursaridium gigas</i>) for Bacterial Purification of Polluted Water (in French)	73
Bibliography	94, 160
Biomass Production	
Characterizing the Suitability of Selected Indigenous Soil Improving Legumes in a Humid Tropical Environment Using Shoot and Root Attributes (in English)	179
Cattle Breeding	
The Performances of Somba Cattle Race in Rural Area (in French)	135
Economics	
Peri Urban Milk Production in Southern Senegal. Seasonnality of Supply and Economic Performances (in French) ...	142
Impact of Improved Varieties of Cowpea on Farm Income in the Central Plateau of Burkina Faso (in French)	204
Editorial	
Is it Utopia to Take into Account Animal Well-being in Low Income Southern Countries? (in French)	1
A Good Start for 2003 (in French and in English)	49
Entomology	
Contribution to the Knowledge of the Ecology and Biology of Homopterous Pests of Fruit Trees and other Plants: II.- The Influence of the Host Plant and its Phenology on the Evolution of Infestation of <i>Aleurodicus dispersus</i> Russell (Hom.: Aleyrodidae) in Republic of the Congo (in French)	10
Farmers'practice	
Farmers' Practices and Strategies for Ruminants' Supplementation in Mixed Crop-livestock Farming Systems in the Central Plateau and North of Burkina-Faso (in French)	122
Farming Systems	
Sustainable Development of Integrated Rice-fish Polyculture Systems in the Mekong Delta of Vietnam (in English) ...	48
Fish Farming	
Zootechnic Performances Compared between Freshwater Rotifer <i>Brachionus calyciflorus</i> and Nauplii <i>Artemia salina</i> in River Perch <i>Perca fluviatilis</i> L. (in French)	31
Sustainable Development of Integrated Rice-fish Polyculture Systems in the Mekong Delta of Vietnam (in English) ...	48
Contribution to the Study of the Nutritional Requirements in the Larvas and Juveniles of the River Perch (<i>Perca fluviatilis</i> L.) (in English)	92
Intensive Production of African Catfish, <i>Clarias gariepinus</i> (in French)	189
Food resource	
Microbiological Study of «Ntoba-Mbodi», Fermented Cassava Leaves (in French)	106
Peri Urban Milk Production in Southern Senegal. Seasonnality of Supply and Economic Performances (in French) ...	142
Genetic Resources of the Local Chickens in Tunisia (in French)	167
Intensive Production of African Catfish, <i>Clarias gariepinus</i> (in French)	189
Food technology	
Lactic Acid Bacteria Involved in the Processing of Poto-Poto, a Congolese Fermented Maize Dough (in French)	3
Microbiological Study of «Ntoba-Mbodi», Fermented Cassava Leaves (in French)	106
Peri Urban Milk Production in Southern Senegal. Seasonnality of Supply and Economic Performances (in French) ...	142
Forestry	
Mycorrhizal Status of Okoume (<i>Aucoumea klaineana</i> Pierre) in Artificial Regeneration in South Cameroon (in French) ..	104

Human nutrition	
Lactic Acid Bacteria Involved in the Processing of Poto-Poto, a Congolese Fermented Maize Dough (<i>in French</i>)	3
Microbiological Study of «Ntoba-Mbodi», Fermented Cassava Leaves (<i>in French</i>)	106
Hydrobiology	
Use of Ciliate Protozoa (<i>Paramecium africanum</i> , <i>Colpidium uncinatum</i> , <i>Neobursaridium gigas</i>) for Bacterial Purification of Polluted Water (<i>in French</i>)	73
Livestock System	
Farmers' Practices and Strategies for Ruminants' Supplementation in Mixed Crop-livestock Farming Systems in the Central Plateau and North of Burkina-Faso (<i>in French</i>)	122
Parasitology	
Evaluation of the Efficiency of Aqueous Extracts of Papaw Seeds (<i>Carica papaya</i> L.) for the Treatment of Caecum <i>Eimeria tenella</i> Coccidiosis in Broiler Chicken (<i>in French</i>)	153
Pedology	
Microbial Biomass Changes during Decomposition of Plant Residues in a Lixisol (<i>in English</i>)	28
Use of the Wild Australian Species <i>Gossypium sturtianum</i> J.H. Willis and <i>G. australe</i> F. Muell to Improve <i>G. hirsutum</i> L. (<i>in English</i>)	47
Modelling C Turnover through the Microbial Biomass in Soil (<i>in English</i>)	97
Correlation and Path Coefficients of Seed and Juvenile Characters with Respect to Latex Yield in <i>Hevea brasiliensis</i> Muell. Arg. (<i>in English</i>)	173
Characterizing the Suitability of Selected Indigenous Soil Improving Legumes in a Humid Tropical Environment Using Shoot and Root Attributes (<i>in English</i>)	179
Plant Genetics	
Exploitation of Somaclonal Variability for Research of Carnation (<i>Dianthus caryophyllus</i> L.) Tolerant to Salinity (<i>in French</i>)	16
Use of the Wild Australian Species <i>Gossypium sturtianum</i> J.H. Willis and <i>G. australe</i> F. Muell to Improve <i>G. hirsutum</i> L. (<i>in English</i>)	47
Selection of Four Onion Varieties (<i>Allium cepa</i> L.) Adapted to the North of Ivory Coast (<i>in French</i>)	129
Performance of New Hybrid Yam (<i>D. Rotundata</i> Poir) Varieties in the Forest Zone of Nigeria (<i>in English</i>)	149
Selection Criteria for Combining High Yield and <i>Striga</i> Resistance in Sorghum (<i>in English</i>)	157
Coming to Grips with Farmers' variety Selection- the Case of New Improved Rice Varieties under Irrigation in South East Tanzania (<i>in English</i>)	211
Plant Inventory	
Inventory of Vegetal Species Cultivated in Plots Gardens in Urban Environment. Instance of Limete Commune-Kinshasa- Democratic Republic of Congo (<i>in French</i>)	89
Plant Pathology	
Quantitative Effects of Early and Late Blights on Tomato Yields in Cameroon (<i>in English</i>)	36
Seed-storage Mycoflora of Peanut Cultivars Grown in Nigerian Savanna (<i>in English</i>)	79
Effect of Sowing Date on Anthracnose of Sorghum in the Nigerian Sudan Savanna (<i>in English</i>)	117
Selection Criteria for Combining High Yield and <i>Striga</i> Resistance in Sorghum (<i>in English</i>)	157
Plant Production	
Exploitation of Somaclonal Variability for Research of Carnation (<i>Dianthus caryophyllus</i> L.) Tolerant to Salinity (<i>in French</i>)	16
Nodulation Effectivity, N-Accumulation and Yield of Soybean (<i>Glycine max</i>) in a Clayloam Soil Treated with Pre-and Post-Emergence Herbicides (<i>in English</i>)	22
Quantitative Effects of Early and Late Blights on Tomato Yields in Cameroon (<i>in English</i>)	36
Evaluation of Dual-purpose Cowpea (<i>Vigna unguiculata</i> (L.) Walp.) Varieties for Grain and Fodder Production at Shika, Nigeria (<i>in English</i>)	42
Use of the Wild Australian Species <i>Gossypium sturtianum</i> J.H. Willis and <i>G. australe</i> F. Muell to Improve <i>G. hirsutum</i> L. (<i>in English</i>)	47
Soil Management Practices to Improve Nutrient-use Efficiencies and Reduce Risk in Millet-based Cropping Systems in the Sahel (<i>in English</i>)	66
Behaviour and Performance of Eight Lines of Rainfed Rice Selected at Yangambi (<i>in French</i>)	112
Effect of Sowing Date on Anthracnose of Sorghum in the Nigerian Sudan Savanna (<i>in English</i>)	117
Selection of Four Onion Varieties (<i>Allium cepa</i> L.) Adapted to the North of Ivory Coast (<i>in French</i>)	129
Performance of New Hybrid Yam (<i>D. Rotundata</i> Poir) Varieties in the Forest Zone of Nigeria (<i>in English</i>)	149
Selection Criteria for Combining High Yield and <i>Striga</i> Resistance in Sorghum (<i>in English</i>)	157
Correlation and Path Coefficients of Seed and Juvenile Characters with Respect to Latex Yield in <i>Hevea brasiliensis</i> Muell. Arg. (<i>in English</i>)	173
Effect of Plant Spacing in the Nursery on the Production of Planting Materials for Field Establishment of Vetiver Grass (<i>in English</i>)	199
Coming to Grips with Farmers' variety Selection- the Case of New Improved Rice Varieties under Irrigation in South East Tanzania (<i>in English</i>)	211

Cotton Crisis in Central African Republic and Choice of Farmers According to their Location to the City (<i>in French</i>) ...	218
Plant Protection	
Contribution to the Knowledge of the Ecology and Biology of Homopterous Pests of Fruit Trees and other Plants: II.- The Influence of the Host Plant and its Phenology on the Evolution of Infestation of <i>Aleurodicus dispersus</i> Russell (Hom.: Aleyrodidae) in Republic of the Congo (<i>in French</i>)	10
Nodulation Effectivity, N-Accumulation and Yield of Soybean (<i>Glycine max</i>) in a Clayloam Soil Treated with Pre-and Post-Emergence Herbicides (<i>in English</i>)	22
Quantitative Effects of Early and Late Blights on Tomato Yields in Cameroon (<i>in English</i>)	36
Effect of Sowing Date on Anthracnose of Sorghum in the Nigerian Sudan Savanna (<i>in English</i>)	117
Selection Criteria for Combining High Yield and <i>Striga</i> Resistance in Sorghum (<i>in English</i>)	157
Ph.D. Thesis	
Use of the Wild Australian Species <i>Gossypium sturtianum</i> J.H. Willis and <i>G. australe</i> F. Muell to Improve <i>G. hirsutum</i> L. (<i>in English</i>)	47
Sustainable Development of Integrated Rice-fish Polyculture Systems in the Mekong Delta of Vietnam (<i>in English</i>) ...	48
Post Harvest Technology	
Seed-storage Mycoflora of Peanut Cultivars Grown in Nigerian Savanna (<i>in English</i>)	79
Poultry	
Hematological Characteristics of Ducks (<i>Cairina moschata</i>) of Southeastern Nigeria (<i>in English</i>)	61
Evaluation of the Efficiency of Aqueous Extracts of Papaw Seeds (<i>Carica papaya</i> L.) for the Treatment of Caecum <i>Eimeria tenella</i> Coccidiosis in Broiler Chicken (<i>in French</i>)	153
Genetic Resources of the Local Chickens in Tunisia (<i>in French</i>)	167
Ruminants	
Farmers' Practices and Strategies for Ruminants' Supplementation in Mixed Crop-livestock Farming Systems in the Central Plateau and North of Burkina-Faso (<i>in French</i>)	122
The Performances of Somba Cattle Race in Rural Area (<i>in French</i>)	135
Socio-Economy	
Low Power Mechanisation and Small-scale Vegetable Production in the Tunisian Sahel Region. Part 1: Inquiry (<i>in French</i>)	86
Low Power Mechanisation and Small-scale Vegetable Production in the Tunisian Sahel Region. Part 2: On the Field Evaluation of Performances and of Soil Preparation Costs (<i>in French</i>)	161
Impact of Improved Varieties of Cowpea on Farm Income in the Central Plateau of Burkina Faso (<i>in French</i>)	204
Cotton Crisis in Central African Republic and Choice of Farmers According to their Location to the City (<i>in French</i>) ...	218
Soil Fertility	
Microbial Biomass Changes during Decomposition of Plant Residues in a Lixisol (<i>in English</i>)	28
Soil Management Practices to Improve Nutrient-use Efficiencies and Reduce Risk in Millet-based Cropping Systems in the Sahel (<i>in English</i>)	66
Modelling C Turnover through the Microbial Biomass in Soil (<i>in English</i>)	97
Characterizing the Suitability of Selected Indigenous Soil Improving Legumes in a Humid Tropical Environment Using Shoot and Root Attributes (<i>in English</i>)	179
Soil Science	
Microbial Biomass Changes during Decomposition of Plant Residues in a Lixisol (<i>in English</i>)	28
Soil Management Practices to Improve Nutrient-use Efficiencies and Reduce Risk in Millet-based Cropping Systems in the Sahel (<i>in English</i>)	66
Modelling C Turnover through the Microbial Biomass in Soil (<i>in English</i>)	97
Characterizing the Suitability of Selected Indigenous Soil Improving Legumes in a Humid Tropical Environment Using Shoot and Root Attributes (<i>in English</i>)	179
Veterinary Science	
Hematological Characteristics of Ducks (<i>Cairina moschata</i>) of Southeastern Nigeria (<i>in English</i>)	61
Evaluation of the Efficiency of Aqueous Extracts of Papaw Seeds (<i>Carica papaya</i> L.) for the Treatment of Caecum <i>Eimeria tenella</i> Coccidiosis in Broiler Chicken (<i>in French</i>)	153
Hematological Values of out Bred Domestic Rabbits in Eastern Nigeria (<i>in English</i>)	186
