# Index Subjects

## Agrostology

Phytosociological study of the high andean plateau "Pampa Galeras" (Western Peru) ( <i>in French</i> )	3
Comparison of two pastures exploitation systems in Upper-Lomani (Shaba) Zaïre ( <i>in French</i> )	44
Production and value of natural ranges of the high andean plateau of "Pampa Galeras" (Western Peru) ( <i>in French</i> )	123

## Animal production

Study of carcass composition of Ankole bulls according to weight or age and to duration of fattening period ( <i>in French</i> )	16
Comparison of two pastures exploitation systems in Upper-Lomani (Shaba) Zaïre ( <i>in French</i> )	44
The potential use of the Belgian Landrace and Pietrain breeds in Thailand ( <i>in English</i> )	51
Production and value of natural ranges of the high andean plateau of "Pampa Galeras" (Western Peru) ( <i>in French</i> )	123

<b>Bibliography</b>	78, 119, 159
---------------------	--------------

## Cash crops

The white sapote ( <i>Casimiroa edulis</i> La Llave) ( <i>in French</i> )	28
The cultivation of medicinal, aromatic and spice plants in South Morocco. Relation to a trip to the regions between Agadir, Marrakech, Ouarzazate and Tata ( <i>in French</i> )	29
A genetic improvement of tomato for Senegal and other tropical countries ( <i>in French</i> )	54
Cultivation attempt of <i>Cassia italica</i> in Burkina Faso: sennosides content evolution during plant development ( <i>in French</i> )	58
Root-knot nematodes on summer vegetables in North Tunisia ( <i>in English</i> )	83
Maize streak disease in Burundi Highlands ( <i>in English</i> )	130

## Cattle

Study of carcass composition of Ankole bulls according to weight or age and to duration of fattening period ( <i>in French</i> )	16
Comparison of two pastures exploitation systems in Upper-Lomani (Shaba) Zaïre ( <i>in French</i> )	44

## Community development

Projects of SOS FAIM ( <i>in French</i> )	104
The Chadian experience of displaced people, resettled in the wadis of the geographical Ouaddaï region (North-East Chad) ( <i>in French</i> )	150

<b>Dissertations</b>	40, 75, 116, 156
----------------------	------------------

## Ecology

A successful land rehabilitation programme in Kenya ( <i>in English</i> )	65
Rural development and preservation ( <i>in French</i> )	71

## Economics

Market Economic Analysis of Food Crops in Burundi. —	—
Time serie analysis of potato prices ( <i>in French</i> )	20

## Editorials

25 years Service Overseas ( <i>in French</i> )	1
Importance of phytonematology for tropical agriculture ( <i>in Dutch</i> )	41
An academy at the service of overseas countries ( <i>in English</i> )	81
Towards rethinking cooperation to development ( <i>in French</i> )	121

Comparison of two pastures exploitation systems in Upper-Lomani (Shaba) Zaïre ( <i>in French</i> )	44
--	----

**Food crops**

Market Economic Analysis of Food Crops in Burundi. —	
Time serie analysis of potato prices ( <i>in French</i> )	20
The white sapote ( <i>Casimiroa edulis</i> La Llave) ( <i>in French</i> )	28
Use of combined inoculum of <i>Azospirillum</i> and <i>Rhizobium</i> in winged bean <i>Psophocarpus tetragonolobus</i> (L) D.C. ( <i>in English</i> )	135

**Forestry**

Reforestation. — Algarobeira ( <i>Prosopis juliflora</i> ) ( <i>in French</i> )	26
A successful land rehabilitation programme in Kenya ( <i>in English</i> )	65
Study an development of Mounts Kouffé classified forest (Rép. Pop. Bénin). —	
Preliminary note ( <i>in French</i> )	88

**Interview**

68

**Meetings**

35, 73, 112

**Microbiology**

Use of combined inoculum of <i>Azospirillum</i> and <i>Rhizobium</i> in winged bean <i>Psophocarpus tetragonolobus</i> (L) D.C. ( <i>in English</i> )	135
---	-----

**News**

38, 74, 113, 155

**Pharmacopoeia**

Traditional veterinary medicine in southern Niger ( <i>in French</i> )	14
The cultivation of medicinal, aromatic and spice plants in South Morocco. Relation to a trip to the regions between Agadir, Marrakech, Ouarzazate and Tata ( <i>in French</i> )	29
Cultivation attempt of <i>Cassia italica</i> in Burkina Faso : sennosides content evolution during plant development ( <i>in French</i> )	58

**Pig**

The potential use of the Belgian Landrace and Pietrain breeds in Thailand ( <i>in English</i> )	51
---	----

**Plant pathology**

Importance of phytonematology for tropical agriculture ( <i>in Dutch</i> )	41
Root-knot nematodes on summer vegetables in North Tunisia ( <i>in English</i> )	83
Maize streak disease in Burundi Highlands ( <i>in English</i> )	130

**Plant production**

The cultivation of medicinal, aromatic and spice plants in South Morocco. Relation to a trip to the regions between Agadir, Marrakech, Ouarzazate and Tata ( <i>in French</i> )	29
---	----

Cultivation attempt of <i>Cassia italica</i> in Burkina Faso : sennosides content evolution during plant development ( <i>in French</i> )	58
Use of combined inoculum of <i>Azospirillum</i> and <i>Rhizobium</i> in winged bean <i>Psophocarpus tetragonolobus</i> (L) D.C. ( <i>in English</i> )	135

## Projects

Reforestation. — Algarobeira ( <i>Prosopis juliflora</i> ) ( <i>in French</i> )	26
A successful land rehabilitation programme in Kenya ( <i>in English</i> )	65
Projects of SOS FAIM ( <i>in French</i> )	104
Trouts under subequatorial climate ? Possibilities of Sri-Lanka ( <i>in French</i> )	145

## Research and development

25 years Service Overseas ( <i>in French</i> )	1
An academy at the service of overseas countries ( <i>in English</i> )	81
Towards rethinking cooperation to development ( <i>in French</i> )	121
Use of combined inoculum of <i>Azospirillum</i> and <i>Rhizobium</i> in winged bean <i>Psophocarpus tetragonolobus</i> (L) D.C. ( <i>in English</i> )	135

## Rural development

Rural development : a view on the campaign in Philippine's Islands ( <i>in French</i> )	33
Rural development and preservation ( <i>in French</i> )	71
Impressions on Agricultural Development in Rwanda ( <i>in French</i> )	109

## Selection

The potential use of the Belgian Landrace and Pietrain breeds in Thailand ( <i>in English</i> )	51
A genetic improvement of tomato for Senegal and other tropical countries ( <i>in French</i> )	54

## Sociology

Towards rethinking cooperation to development ( <i>in French</i> )	121
The Chadian experience of displaced people, resettled in the wadis of the geographical Ouaddaï region (North-East Chad) ( <i>in French</i> )	150

## Statements

The white sapote ( <i>Casimiroa edulis</i> La Llave) ( <i>in French</i> )	28
The cultivation of medicinal, aromatic and spice plants in South Morocco. Relation to a trip to the regions between Agadir, Marrakech, Ouarzazate and Tata ( <i>in French</i> )	29
Rural development : a view on the campaign in Philippine's Islands ( <i>in French</i> )	33
Rural development and preservation ( <i>in French</i> )	71
Impressions on Agricultural Development in Rwanda ( <i>in French</i> )	109
The Chadian experience of displaced people, resettled in the wadis of the geographical Ouaddaï region (North-East Chad) ( <i>in French</i> )	150

## Veterinary medicine

Traditional veterinary medicine in southern Niger ( <i>in French</i> )	14
--	----

## Wildlife

Rural development and preservation ( <i>in French</i> )	71
Study an development of Mounts Kouffé classified forest (Rép. Pop. Bénin). — Preliminary note ( <i>in French</i> )	88
Consumption of game meat amongst the Sereer of Sine (Senegal) ( <i>in French</i> )	140
