

## INDEX

## Index Subjects

**Agricultural techniques**

|  |     |
|--|-----|
| Some ideas about mechanization of agriculture in Burundi ( <i>in French</i> ) . . . . .  | 3   |
| Cultivation attempt of <i>Datura innoxia</i> in Burkina Faso: hyoscyne and hyoscyamine content evolution during plant development ( <i>in French</i> ) . . . . . | 7   |
| Chemical control of pepper mildew <i>Phytophthora capsici</i> (Leon) on early peppers in Tunisia ( <i>in English</i> ) . . . . .                                 | 15  |
| Control of the tse-tse flies in the Kagera basin ( <i>in French</i> ) . . . . .  | 29  |
| Effect of reproductive pruning on the tuber yield of the winged bean ( <i>Psophocarpus tetragonolobus</i> (L) D.C.) ( <i>in French</i> ) . . . . .               | 93  |
| Study of naturally occurring and cultivated <i>Rauwolfia vomitoria</i> Afz. In Burkina Faso related to the alkaloid contents ( <i>in French</i> ) . . . . .      | 100 |
| Study of performances on field of five Niebe varieties with trace elements supplements in Yangambi (Zaire) ( <i>in French</i> ) . . . . .                        | 143 |

**Animal production**

|   |     |
|---|-----|
| Prevention of Newcastle disease through vaccination: an assesment ( <i>in English</i> ) . . . . . | 97  |
| Some economic aspects related to veterinary parasitology ( <i>in French</i> ) . . . . .           | 112 |

**Beekeeping**

|  |     |
|--|-----|
| Beekeeping in Mali: experiences of integrated development in villages communities ( <i>in French</i> ) . . . . . | 151 |
|--|-----|

|                               |                  |
|-------------------------------|------------------|
| <b>Bibliography</b> . . . . . | 37, 77, 119, 163 |
|-------------------------------|------------------|

**Cash Crops**

|  |     |
|--|-----|
| Cultivation attempt of <i>Datura innoxia</i> in Burkina Faso: hyoscyne and hyoscyamine content evolution during plant development ( <i>in French</i> ) . . . . . | 7   |
| Chemical control of pepper mildew <i>Phytophthora capsici</i> (Leon) on early peppers in Tunisia ( <i>in English</i> ) . . . . .                                 | 15  |
| Sensibility to soil aluminium concentration of the common bean <i>Phaseolus vulgaris</i> in the African "Great Lakes" region ( <i>in French</i> ) . . . . .      | 20  |
| Effect of reproductive pruning on the tuber yield of the winged bean ( <i>Psophocarpus tetragonolobus</i> (L) D.C.) ( <i>in French</i> ) . . . . .               | 93  |
| Study of naturally occurring and cultivated <i>Rauwolfia vomitoria</i> Afz. In Burkina Faso related to the alkaloid contents ( <i>in French</i> ) . . . . .      | 100 |
| The phytosanitary problems of the post-season crop in the Nebhana region: results of a survey ( <i>in French</i> ) . . . . .                                     | 130 |
| Tolerance to maize streak virus in local Burundi highland maize ( <i>in English</i> ) . . . . .  | 138 |
| Study of performances on field of five Niebe varieties with trace elements supplements in Yangambi (Zaire) ( <i>in French</i> ) . . . . .                        | 143 |

**Cattle**

|   |     |
|---|-----|
| Livestock: key to agricultural development in Africa ( <i>in English</i> ) . . . . .  | 41  |
| Copper (Cu), Iron (Fe), Manganese (Mn), and Zinc (Zn), and Iron to Manganese ratio (Fe/Mn) in natural pastures of Ituri region (Republic of Zaire) ( <i>in French</i> ) . . . . . | 123 |

**Community development**

|  |     |
|--|-----|
| Africa is not only a refugee-camp ( <i>in French</i> ) . . . . .   | 1   |
| Social centre Shantytowns "Bourg des deux frères", Salvador da Bahia, Nordeste Brazil ( <i>in French</i> ) . . . . . | 64  |
| Beekeeping in Mali: experiences of integrated development in villages communities ( <i>in French</i> ) . . . . .     | 151 |

**Ecology**

- The Tree Project enlists youth to plant trees (*in English*) . . . . . 27

**Economics**

- Some economic aspects related to veterinary parasitology (*in French*) . . . . . 112

**Editorials**

- Africa is not only a refugee-camp (*in French*) . . . . . 1  
 Livestock: key to agricultural development in Africa (*in English*) . . . . . 41  
 Belgium and the agri-industrial development in the third-world (*in French*) . . . . . 81  
 Scientific and technical information — A tool for development (*in English*) . . . . . 121

**Fisheries**

- Notes of the migration of the thiof (*Epinephelus aeneus* E. Geoffroy Saint Hilaire, 1817) along the coast of Senegal (*in French*) . . . . . 53

**Fodder**

- Copper (Cu), Iron (Fe), Manganese (Mn), and Zinc (Zn), and Iron to Manganese ratio (Fe/Mn) in natural pastures of Ituri region (Republic of Zaire) (*in French*) . . . . . 123

**Food crops**

- Chemical control of pepper mildew *Phytophthora capsici* (Leon) on early peppers in Tunisia (*in English*) . . . . . 15  
 Sensibility to soil aluminium concentration of the common bean *Phaseolus vulgaris* in the African "Great Lakes" region (*in French*) . . . . . 20  
 Effect of reproductive pruning on the tuber yield of the winged bean (*Psophocarpus tetragonolobus* (L) D.C.) (*in French*) . . . . . 93  
 The phytosanitary problems of the post-season crop in the Nebhana region: results of a survey (*in French*) . . . . . 130  
 Tolerance to maize streak virus in local Burundi highland maize (*in English*) . . . . . 138  
 Study of performances on field of five Niebe varieties with trace elements supplements in Yangambi (Zaire) (*in French*) . . . . . 143

**Forestry**

- The Tree Project enlists youth to plant trees (*in English*) . . . . . 27

**Human health**

- Veterinary medicine and public health: *Campylobacters* (*in French*) . . . . . 43  
 Detection and counting of faecal Coli and Streptococcus in consumption water of the Kisangani town (Republic of Zaire) (*in French*) . . . . . 49  
 Social centre Shantytowns "Bourg des deux frères", Salvador da Bahia, Nordeste Brazil (*in French*) . . . . . 64

**Informations**

- The still misunderstood possibilities of the data processing index (*in French*) . . . . . 46  
 A few guidelines for the building of earthen stoves (*in French*) . . . . . 59  
 Tolerance to maize streak virus in local Burundi highland maize (*in English*) . . . . . 138

**Letters**

40, 118

**Medicinal plants**

- Cultivation attempt of *Datura innoxia* in Burkina Faso: hyoscyne and hyoscyamine content evolution during plant development (*in French*) . . . . . 7  
 Study of naturally occurring and cultivated *Rauwolfia vomitoria* Atz. in Burkina Faso related to the alkaloid contents (*in French*) . . . . . 100

**Meetings**

31, 80, 162

**News**

33, 73, 117, 159

**Non governmental organization**

|   |    |
|---|----|
| Africa is not only a refugee-camp ( <i>in French</i> ) . . . . .  | 1  |
| The Tree Project enlists youth to plant trees ( <i>in English</i> ) . . . . .   | 27 |
| Social centre Shantytowns "Bourg des deux frères", Salvador da Bahia, Nordeste Brazil<br>( <i>in French</i> ) . . . . .                               | 64 |
| How integrate in Peru a non-governmental co-operation project within the framework of an agricul-<br>tural enterprise? ( <i>in French</i> ) . . . . . | 67 |

**Nutrition**

|   |    |
|---|----|
| Detection and counting of faecal Coli and Streptococcus in consumption water of the Kisangani<br>town (Republic of Zaire)( <i>in French</i> ) . . . . . | 49 |
|---|----|

**Plant pathology**

|   |     |
|---|-----|
| The phytosanitary problems of the post-season crop in the Nebhana region: results of a survey<br>( <i>in French</i> ) . . . . . | 130 |
| Tolerance to maize streak virus in local Burundi highland maize ( <i>in English</i> ) . . . . .                                 | 138 |

**Plant production**

|  |     |
|--|-----|
| Chemical control of pepper mildew <i>Phytophthora capsici</i> (Leon) on early peppers in Tunisia<br>( <i>in English</i> ) . . . . .                            | 15  |
| Effect of reproductive pruning on the tuber yield of the winged bean ( <i>Psophocarpus tetragonolobus</i><br>(L) D.C.) ( <i>in French</i> ) . . . . .          | 93  |
| Study of naturally occurring and cultivated <i>Rauwolfia vomitoria</i> Afz. in Burkina Faso related to the<br>alcaloid contents ( <i>in French</i> ) . . . . . | 100 |
| Study of performances on field of five Niebe varieties with trace elements supplements in Yangambi<br>(Zaire) ( <i>in French</i> ) . . . . .                   | 143 |

**Poultry**

|   |    |
|---|----|
| Prevention of Newcastle disease through vaccination: an assesment ( <i>in English</i> ) . . . . . | 97 |
|---|----|

**Projects**

|  |     |
|--|-----|
| The Tree Project enlists youth to plant trees ( <i>in English</i> ) . . . . .  | 27  |
| How integrate in Peru a non-governmental co-operation project within the framework of an agricul-<br>tural enterprise? ( <i>in French</i> ) . . . . .          | 67  |
| Study of naturally occurring and cultivated <i>Rauwolfia vomitoria</i> Afz. in Burkina Faso related to the<br>alcaloid contents ( <i>in French</i> ) . . . . . | 100 |
| Development in Guiné-Bissau — Situation and perspectives ( <i>in English</i> ) . . . . .   | 147 |

**Research and development**

|  |    |
|--|----|
| Livestock: key to agricultural development in Africa ( <i>in English</i> ) . . . . . | 41 |
|--|----|

**Rural development**

|   |     |
|---|-----|
| Some ideas about mechanization of agriculture in Burundi ( <i>in French</i> ) . . . . .   | 3   |
| Livestock: key to agricultural development in Africa ( <i>in English</i> ) . . . . .  | 41  |
| A few guidelines for the building of earthen stoves ( <i>in French</i> ) . . . . .  | 59  |
