### Index Subjects

#### Agricultural techniques

Usual Management of drip irrigation in protected cultivation in arid climate. Use of draining lysimeters ( <i>in French</i> )	60
Hydroponics on waste water in Third World's service ( <i>in French</i> )	41
Development and post-investment ( <i>in English</i> )	89
Effect of seeding rate on yield, yield components and vegetative growth of wheat in the Mugamba region (Burundi) ( <i>in French</i> )	113

#### Agrostology

Survey of the mineral status of pastures and small ruminants in the West region of Cameroon ( <i>in English</i> )	150
---	-----

#### Animal health

Nutrition, parasitism and developmental aid ( <i>in Dutch</i> )	1
The Moubraika a primary hypophosphorosis ( <i>in French</i> )	13
Rehabilitation of an old palm-tree plantation in Ivory Coast ( <i>in French</i> )	37
Animal production or animal health as priority. The case of the people's Republic of Benin livestock policy ( <i>in French</i> )	79
Prophylaxis of poultry virus diseases in the Tropics ( <i>in French</i> )	91
Preparation of a self-vaccine <i>Salmonellae</i> and <i>Colon bacillus</i> ( <i>in French</i> )	127
Small ruminants husbandry in traditional flocks in Cameroon. Second part: animal health ( <i>in French</i> )	139

**Animal production**

The Moubraika a primary hypophosphorosis ( <i>in French</i> )	13
First aspects of the creation of a bovine rural stockfarming through a sharecropping system in Gabon ( <i>in French</i> )	73
Animal production or animal health as priority: The case of the people's Republic of Benin livestock policy ( <i>in French</i> )	79
Determination of the optimum rate of incorporating soybean grains into the pig rations ( <i>in French</i> )	99
An attempt to evaluate the digestibility of nitrogen of <i>Calopogonium mucunoides</i> in rabbits ( <i>in French</i> )	176

**Aquaculture**

Preliminary considerations on distribution and changes in fishable ichthyomass in the ecological areas of lake Ihema (Akagera middle, Foodplain, Rwanda) ( <i>in French</i> )	3
Aquaculture in Senegal ( <i>in French</i> )	144

<b>Bibliography</b>	43, 86, 133, 180
---------------------	------------------

**Cash crops**

Chemical control trials against <i>Phytophthora capsici</i> (Leon) on pepper cultivations in Morocco ( <i>in French</i> )	16
Rehabilitation of an old palm-tree plantation in Ivory Coast ( <i>in French</i> )	37
Biological and phenological observations on <i>Arachis hypogaea</i> L in climatic conditions of Kisangani (Zaire) ( <i>in French</i> )	47
Effect of seeding rate on yield, yield components and vegetative growth of wheat in the Mugamba region (Burundi) ( <i>in French</i> )	113

**Cattle**

The Moubraika a primary hypophosphorosis ( <i>in French</i> )	13
First aspects of the creation of a bovine rural stockfarming through a sharecropping system in Gabon ( <i>in French</i> )	73

**Community development**

Nutrition, parasitism and developmental aid ( <i>in Dutch</i> )	1
First aspects of the creation of a bovine rural stockfarming through a sharecropping system in Gabon ( <i>in French</i> )	73

**Economics**

The island of Guimaras in the Philippines. a brief agro-economic survey ( <i>in English</i> )	31
Development and post-investment ( <i>in English</i> )	89
Thinking over a food strategy in Burundi ( <i>in French</i> )	118
Attempt to identify the factors affecting agricultural development at Mondongo, Zaire ( <i>in French</i> )	153
Discussion paper "Considerations on the orientation of agricultural research in developing countries" ( <i>in French</i> )	156
Evolution of the role of less developed countries in some agricultural exports markets ( <i>in English</i> )	163

**Editorials**

Nutrition, parasitism and developmental aid ( <i>in Dutch</i> )	1
North-South relationships and Interuniversity Coopertion ( <i>in French</i> )	45
Development and post-investment ( <i>in English</i> )	89
Science and technology for development STD-2 (1987-1991). A new research and development programme for tropical and sub-tropical agriculture ( <i>in English</i> )	137

**Environment**

The woodfuel and forestry situation in Togo as experienced in the "région des Savanes" ( <i>in English</i> )	25
Hydroponics on waste water in Third World's service ( <i>in French</i> )	41
African eco-development problems ( <i>in French</i> )	107
Project for rational use of the natural resources and fight against desertification in the coastal plain of Djibouti ( <i>in French</i> )	178

**Fisheries**

Preliminary considerations on distribution and changes in fishable ichthyomass in the ecological areas of lake Ihema (Akagera middle, Foodplain, Rwanda) ( <i>in French</i> )	3
Evolution of the quality of smoked <i>Tilapia</i> as a function of transformation and storage methods ( <i>in French</i> )	51
Aquaculture in Senegal ( <i>in French</i> )	144

**Fodder**

Survey of the mineral status of pastures and small ruminants in the West region of Cameroon ( <i>in English</i> )	150
An attempt to evaluate the digestibility of nitrogen of <i>Calopogonium mucunoides</i> in rabbits ( <i>in French</i> )	176

**Food crops**

Biological and phenological observations on <i>Arachis hypogaea</i> L in climatic conditions of Kisangani (Zaire) (in French)	47
Effect of seeding rate on yield, yield components and vegetative growth of wheat in the Mugamba region (Burundi) (in French)	113
Thinking over a food strategy in Burundi (in French)	118
Food and nutritional strategies (in English)	124

**Forestry**

The woodfuel and forestry situation in Togo as experienced in the "région des Savanes" (in English)	25
Productivity of <i>Acacia auriculiformis</i> plantation on the Bateke plateau in Zaire (in French)	171

**Human health**

Nutrition, parasitism and developmental aid (in Dutch)	1
Malaria, steadfast transmission parameters, increasing problems of treatment (in French)	64
Conselling services related to travels in tropical countries (in French and Dutch)	130

**Informations**

Three hundred Belgian partners for agricultural and agro-industrial development (in English, French, Dutch and Spanish)	126
Conselling services related to travels in tropical countries (in French and Dutch)	130
Address to the authors (in French)	167

**Messages**

Conselling services related to travels in tropical countries (in French and Dutch)	130
--	-----

**Microlivestock**

Production and utilization of earthworms as feeds for broilers in the Philippines (in English)	21
--	----

**Nutrition**

Nutrition, parasitism and developmental aid (in Dutch)	1
The Moubraika a primary hypophosphorosis (in French)	13
Production and utilization of earthworms as feeds for broilers in the Philippines (in English)	21
Evolution of the quality of smoked <i>Tilapia</i> as a function of transformation and storage methods (in French)	51
Determination of the optimum rate of incorporating soybean grains into the pig rations (in French)	99
Food and nutritional strategies (in English)	124
An attempt to evaluate the digestibility of nitrogen of <i>Calopogonium mucunoides</i> in rabbits (in French)	176

**Pig**

Determination of the optimum rate of incorporating soybean grains into the pig rations (in French)	99
--	----

**Plant pathology**

Chemical control trials against <i>Phytophthora capsici</i> (Leon) on pepper cultivations in Morocco (in French)	16
--	----

**Plant production**

Rehabilitation of an old palm-tree plantation in Ivory Coast (in French)	37
Biological and phenological observations on <i>Arachis hypogaea</i> L in climatic conditions of Kisangani (Zaire) (in French)	47
Usual Management of drip irrigation in protected cultivation in arid climate. Use of draining lysimeters (in French)	60

**Poultry**

Production and utilization of earthworms as feeds for broilers in the Philippines (in English)	21
Rehabilitation of an old palm-tree plantation in Ivory Coast (in French)	37
Prophylaxis of poultry virus diseases in the Tropics (in French)	91

**Processing**

Evolution of the quality of smoked <i>Tilapia</i> as a function of transformation and storage methods (in French)	51
---	----

**Rabbit**

An attempt to evaluate the digestibility of nitrogen of <i>Calopogonium mucunoides</i> in rabbits (in French)	176
---	-----

**Research and development**

Nutrition, parasitism and developmental aid ( <i>in Dutch</i> )	1
North-South relationships and Interuniversity Cooperation ( <i>in French</i> )	45
Coordination of small ruminants research for development in Africa ( <i>in English</i> )	76
African eco-development problems ( <i>in French</i> )	107
Thinking over a food strategy in Burundi ( <i>in French</i> )	118
Food and nutritional strategies ( <i>in English</i> )	124
Science and technology for development STD-2 (1987-1991). A new research and development programme for tropical and sub-tropical agriculture ( <i>in English</i> )	137
Discussion paper "Considerations on the orientation of agricultural research in developing countries" ( <i>in French</i> )	156

**Rural development**

First aspects of the creation of a bovine rural stockfarming through a sharecropping system in Gabon ( <i>in French</i> )	73
African eco-development problems ( <i>in French</i> )	107
Three hundred Belgian partners for agricultural and agro-industrial development ( <i>in English, French, Dutch and Spanish</i> )	126
Attempt to identify the factors affecting agricultural development at Mondongo, Zaire ( <i>in French</i> )	153
Discussion paper "Considerations on the orientation of agricultural research in developing countries" ( <i>in French</i> )	156

**Rural engineering**

Hydroponics on waste water in Third World's service ( <i>in French</i> )	41
Usual Management of drip irrigation in protected cultivation in arid climate. Use of draining lysimeters ( <i>in French</i> )	60

**Small ruminants**

Coordination of small ruminants research for development in Africa ( <i>in English</i> )	76
Small ruminants husbandry in traditional flocks in Cameroon. Second part: animal health ( <i>in French</i> )	139
Survey of the mineral status of pastures and small ruminants in the West region of Cameroon ( <i>in English</i> )	150

**Veterinary Medicine**

Nutrition, parasitism and developmental aid ( <i>in Dutch</i> )	1
The Moubraika a primary hypophosphorosis ( <i>in French</i> )	13
Animal production or animal health as priority: The case of the people's Republic of Benin livestock policy ( <i>in French</i> )	79
Prophylaxis of poultry virus diseases in the Tropics ( <i>in French</i> )	91
Preparation of a self-vaccine <i>Salmonellae</i> and <i>Colon bacillus</i> ( <i>in French</i> )	127
Small ruminants husbandry in traditional flocks in Cameroon. Second part: animal health ( <i>in French</i> )	139
