Index Subjects

Agricultural techniques

Clonal plantations of hybrid eucalyptus trees in the Popular Republic of Congo (<i>in French</i>)	63
Mixed crop-livestock farming system on small scale in the Bututsi (Burundi) — Animal production results (<i>in French</i>)	68
Survival agriculture and agricultural development in Bamanga-Bengamisa rural area (surveys on farm business in Upper Zaire Province) (<i>in French</i>)	76
Farming systems analysis in the irrigated area of Tadla - Morocco (<i>in French</i>)	148
Effects of ten treatments on the germination of <i>Ambrosia maritima</i> L. seeds (<i>in French</i>)	167
The profitability of oxen ploughing in the Bangouya sous-préfecture, Guinea (<i>in French</i>)	175

Animal health

A simple and cheap method for breeding of tsetse flies (<i>in English</i>)	60
Effects of ten treatments on the germination of <i>Ambrosia maritima</i> L. seeds (<i>in French</i>)	167
Animal health and production in the Tihama area of the Yemen Arab Republic (<i>in English</i>)	172

Animal production

A zootechnical and economical study on fattening of Santa Gertrudis steers under Moroccan conditions (<i>in French</i>)	10
The milk production and its destination in the Masisi zone - North-Kivu, Zaire (<i>in French</i>)	25
Training in rabbit husbandry in Mozambique (<i>in English</i>)	31
Icuhiro, mineral complement used in traditional breeding in Burundi (<i>in French</i>)	52
Mixed crop-livestock farming system on small scale in the Bututsi (Burundi) — Animal production results (<i>in French</i>)	68
Effect of antibiotic supplementation on growth performances in chickens in Zaire: comparison with effects in temperate areas (<i>in French</i>)	87
Milk yield and kid's growth rate of local goats in Burundi during the first weeks after birth (<i>in French</i>)	103
High level of cottonoil cake and shells in feeding rams in the Far North-Cameroon. Preliminary observations (<i>in French</i>)	132
Some aspects of the consumption of the giant rat (<i>Cricetomys</i> Rodent), by populations in Zaire (<i>in French</i>)	141
Mineral polyelements composition and nutritive value of pastures from Ituri area (Republic of Zaire) (<i>in French</i>)	158
Animal health and production in the Tihama area of the Yemen Arab Republic (<i>in English</i>)	172
The profitability of oxen ploughing in the Bangouya sous-préfecture, Guinea (<i>in French</i>)	175
A new approach in the green revolution (<i>in French</i>)	184

Aquaculture

Problems related to the foreign exchange earnings of Surinam's shrimp industry (<i>in English</i>)	46
Fish farming in tropical and subtropical regions (<i>in Dutch</i>)	85
Researches and training in Hydrobiology - Fisheries - Aquaculture in Mali (<i>in French</i>)	110

Bibliography	41, 82, 121, 196
---------------------	------------------

Birds

The duck industry in China (<i>in English</i>)	109
--	-----

Cash crops

Contribution to the reconnaissance of the favourable zones for Robusta coffee (<i>Coffea canephora</i> Pierre) cultivation in South-Cameroon (<i>in French</i>)	3
Effect of seminal envelope of groundnut seed on fungi pathogenic to germination (<i>in French</i>)	128
Economical analysis of the impact of different methods of manual application of chemical fertilizer on corn rentability (var. SHABA I) in Yangambi (<i>in French</i>)	145
Profitability of upland rice cropping in the Western savanna area of Ivory Coast (<i>in French</i>)	154

Cattle

A zootechnical and economical study on fattening of Santa Gertrudis steers under Moroccan conditions (<i>in French</i>)	10
The milk production and its destination in the Masisi zone — North-Kivu, Zaire (<i>in French</i>)	25

Economics

A zootechnical and economical study on fattening of Santa Gertrudis steers under Moroccan conditions (<i>in French</i>)	10
Problems related to the foreign exchange earnings of Surinam's shrimp industry (<i>in English</i>)	46
Survival agriculture and agricultural development in Bamanga-Bengamisa rural areas (surveys on farm business in Upper Zaire Province) (<i>in French</i>)	76
From autosubsistence to exchange economy in agriculture. A very long way. The case of Burundi (<i>in French</i>)	137
Economical analysis of the impact of different methods of manual application of chemical fertilizer on corn rentability (var. SHABA I) in Yangambi (<i>in French</i>)	145
Profitability of upland rice cropping in the Western savanna area of Ivory Coast (<i>in French</i>)	154
The profitability of oxen ploughing in the Bangouya sous-préfecture, Guinea (<i>in French</i>)	175
Group working: a force for countrymen's development in Wamba area, Zaire (<i>in French</i>)	186

Editorials

Rural development and private enterprises in Zaire (<i>in French</i>)	1
A pasture legume to transform the tropics (<i>in Spanish</i>)	45
Fish farming in tropical and subtropical regions (<i>in Dutch</i>)	85
Drugs production in the Third-World, a sight of the North-South problematic (<i>in French</i>)	125

Education

Training in rabbit husbandry in Mozambique (<i>in English</i>)	31
Researches and training in Hydrobiology — Fisheries — Aquaculture in Mali (<i>in French</i>)	110

Fertilizers

A contribution to the study of mineral fertilization of wheat in the Mugamba region (Burundi) (<i>in French</i>)	17
Fertilization trial on <i>Pennisetum clandestinum</i> in Cameroon: qualitative and quantitative aspects (<i>in French</i>)	55
Study of the dynamic of organic matter (O.M.) in saline soil (<i>in French</i>)	90
Comparative responses of two maize varieties to fertilizers on a newly cleared ferrallitic soil in Southern Benin — Physical analysis (<i>in English</i>)	98

Fisheries

Fish farming in tropical and subtropical regions (<i>in Dutch</i>)	85
Researches and training in Hydrobiology — Fisheries — Aquaculture in Mali (<i>in French</i>)	110

Fodder

A pasture legume to transform the tropics (<i>in Spanish</i>)	45
Fertilization trial on <i>Pennisetum clandestinum</i> in Cameroon: qualitative and quantitative aspects (<i>in French</i>)	55
Mineral polyelements composition and nutritive value of pastures from Ituri area (Republic of Zaire) (<i>in French</i>)	158
A new approach in the green revolution (<i>in French</i>)	184

Food crops

A contribution to the study of mineral fertilization of wheat in the Mugamba region (Burundi) (<i>in French</i>)	17
Comparative responses of two maize varieties to fertilizers on a newly cleared ferrallitic soil in Southern Benin — Physical analysis (<i>in English</i>)	98
Effect of seminal envelope of groundnut seed on fungi pathogenic to germination (<i>in French</i>)	128
Economical analysis of the impact of different methods of manual application of chemical fertilizer on corn rentability (var. SHABA I) in Yangambi (<i>in French</i>)	145
Profitability of upland rice cropping in the Western savanna area of Ivory Coast (<i>in French</i>)	154
Leaf mineral composition of Zairean <i>Zea mays</i> L. varieties and tolerance to soil acidity (<i>in French</i>)	164

Forestry

Clonal plantations of hybrid eucalyptus trees in the Popular Republic of Congo (<i>in French</i>)	63
---	----

Human health

Prevention and treatment of malaria (<i>in French</i>)	36
--	----

Microlivestock

Some aspects of the consumption of the giant rat (<i>Cricetomys</i> Rodent), by populations in Zaire (<i>in French</i>)	141
--	-----

Nutrition

Icuhiro, mineral complement used in traditional breeding in Burundi (<i>in French</i>)	52
Mineral polyelements composition and nutritive value of pastures from Ituri area (Republic of Zaire) (<i>in French</i>)	158

Plant pathology

Effect of seminal envelope of groundnut seed on fungi pathogenic to germination (<i>in French</i>)	128
--	-----

Plant production

Contribution to the reconnaissance of the favourable zones for Robusta coffee (<i>Coffea canephora</i> Pierre) cultivation in South-Cameroon (<i>in French</i>)	3
A contribution to the study of mineral fertilization of wheat in the Mugamba region (Burundi) (<i>in French</i>)	17
A pasture legume to transform the tropics (<i>in Spanish</i>)	45
Farming systems analysis in the irrigated area of Tadla (Morocco) (<i>in French</i>)	148
Leaf mineral composition of Zairean <i>Zea mays</i> L. varieties and tolerance to soil acidity (<i>in French</i>)	164
Effects of ten treatments on the germination of <i>Ambrosia maritima</i> L. seeds (<i>in French</i>)	167

Poultry

Effect of antibiotic supplementation on growth performances in chickens in Zaire: comparison with effects in temperate areas (<i>in French</i>)	87
The duck industry in China (<i>in English</i>)	109

Research and development

Researches and training in Hydrobiology - Fisheries - Aquaculture in Mali (<i>in French</i>)	110
A water pump adapted for the rural population of Third-World (<i>in French</i>)	180

Rural development

Rural development and private enterprises in Zaire (<i>in French</i>)	1
Survival agriculture and agricultural development in Bamanga-Bengamisa rural area (surveys on farm business in Upper Zaire Province) (<i>in French</i>)	76
From autosubsistence to exchange economy in agriculture. A very long way. The case of Burundi (<i>in French</i>)	137
A water pump adapted for the rural population of Third-World (<i>in French</i>)	180
Group working: a force for countrymen's development in Wamba area, Zaire (<i>in French</i>)	186

Rural engineering

A water pump adapted for the rural population of Third-World (<i>in French</i>)	180
---	-----

Small ruminants

Milk yield and kid's growth rate of local goats in Burundi during the first weeks after birth (<i>in French</i>)	103
High level of cottonoil cake and shells in feeding rams in the Far North- Cameroon. Preliminary observations (<i>in French</i>)	132
Animal health and production in the Tihama area of the Yemen Arab Republic (<i>in English</i>)	172

Sociology

Drugs production in the Third-World, a sight of the North-South problematic (<i>in French</i>)	125
From autosubsistence to exchange economy in agriculture. A very long way. The case of Burundi (<i>in French</i>)	137
Group working. a force for countrymen's development in Wamba area, Zaire (<i>in French</i>)	186

Soil science

Contribution to the reconnaissance of the favourable zones for Robusta coffee (<i>Coffea canephora</i> Pierre) cultivation in South-Cameroon (<i>in French</i>)	3
Study of the dynamic of organic matter (O.M.) in saline soil (<i>in French</i>)	90
Comparative responses of two maize varieties to fertilizers on a newly cleared ferrallitic soil in Southern Benin — Physical analysis (<i>in English</i>)	98
Leaf mineral composition of Zairean <i>Zea mays</i> L. varieties and tolerance to soil acidity (<i>in French</i>)	164
