Index Subjects

Agricultural techniques

Cultural practices evaluation for jam seeding and tuber (<i>Dioscorea rotundata</i>) production in Benin (<i>in French</i>)	69
Farming systems analysis in the irrigated area of Tadla - Morocco (<i>in French</i>)	82
Considerations regarding the evolution of farming systems in Burundi based on a multivariate analysis of some of their characteristics (<i>in French</i>)	112
«Zai», a traditional technique for restoring and recovering of arid soils (<i>in French</i>)	139
The perils of technology transfer: the Australian wheat/medic system in the Near East/North Africa region (<i>in English</i>)	196

Agrostology

Browse from trees and shrubs: fact or fiction? (<i>in French</i>)	36
-------------------------------------------------------------------------------	----

Animal health

Prospects for the use of biotechnology for the control of Newcastle disease in Africa, Asia and South America (<i>in English</i>)	19
Use of traps and screens in the control of animal trypanosomiasis in Togo (<i>in French</i>)	40
Survey on smallholder dairy farms in the Mid-Country, Sri Lanka (<i>in English</i>)	99

Animal production

Heat detection in ewe by acidity, elasticity of the cervical and vaginal mucus and by vaginal temperature measurement (<i>in French</i>)	27
Pig breeding in Haiti: a difficult choice! (<i>in French</i>)	31
On the way to an appropriate feeding system for poultry and pigs in Zaire (<i>in French</i>)	44
Integration of livestock with crops in response to increasing population pressure on available resources (<i>in English</i>)	50
Technical and socio-economic aspects of transhumance in the soudanian zone of the Bougouriba (Burkina-Faso) (<i>in French</i>)	59
Note on N'dama import from Zaire and Senegambie to Ngounie ranch in Gabon, in 1986 and 1987 (<i>in French</i>)	78
Poultry production in hot climates (<i>in English</i>)	89
Survey on smallholder dairy farms in the Mid-Country, Sri Lanka (<i>in English</i>)	99
Fattening of bull calves and adult males of Gobra with agroindustrial products such as molasses in Senegal (<i>in French</i>)	107
Feed utilization and live weight gain by the African giant rat (<i>Cricetomys gambianus</i> Waterhouse) at Dschang in Cameroon (<i>in English</i>)	118
Note on the ageing of Borgou cattle in North-East Benin by the eruption of permanent incisors (<i>in French</i>)	193

Aquaculture

Appreciation and improvement of the bacteriological quality of fish commercialized in Burundi. Cases of <i>Stolothrissa tanganicae</i> and <i>Luciolates stappersii</i> (<i>in French</i>)	64
--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----

Bibliography	51, 103, 153, 199
-------------------------------	-------------------

Biotechnology

Prospects for the use of biotechnology for the control of Newcastle disease in Africa, Asia and South America (<i>in English</i>)	19
Valorisation of a tropical <i>Euphorbiacea</i> by biomethanisation (<i>in French</i>)	128
Agricultural use of household compost in Brazzaville market gardening belt (<i>in French</i>)	131

Cash Crops

Economic study of chemical fertilizers use for cassava production (<i>Manihot esculenta</i> Crantz var. F 46) at Yangambi (in French)	15
Integration of livestock with crops in response to increasing population pressure on available resources (in English)	50
Integrated system of agrochemical demonstration and experiments in Tunisia: design and application (in French)	90
The citrusfruits in the area called «Niayes» in Senegal (in French)	169

Cattle

Use of traps and screens in the control of animal trypanosomiasis in Togo (in French)	40
Note on N'dama import from Zaire and Senegambie to Ngounie ranch in Gabon, in 1986 and 1987 (in French)	78
Survey on smallholder dairy farms in the Mid-Country, Sri Lanka (in English)	99
Fattening of bull calves and adult males of Gobra with agroindustrial products such as molasses in Senegal (in French)	107
A home built and portable cattle race (in English)	142
Note on the ageing of Borgou cattle in North-East Benin by the eruption of permanent incisors (in French)	193

Community development

Identification and follow-up methods used in an integrated development project in Togo: from theory to practice (in French)	21
---------------------------------------------------------------------------------------------------------------------------------------	----

Ecology

Valorisation of a tropical <i>Euphorbiacea</i> by biometanisation (in French)	128
Agricultural use of household compost in Brazzaville market gardening belt (in French)	131
Process of soil degradation in the Sudanese-Guinean savannas with low population density: a case study of the Central African Republic (in French)	175
Shifting cultivation and wasting resource fulness forest in the community of Ngombe-Doko, Zaire (in French)	185

Economics

Comparative responses of two maize varieties to fertilizers on a newly cleared ferrallitic soil in Southern Benin — Economic analysis (in English)	3
Concept of subsector, agro-industrial economics and development (in French)	9
Economic study of chemical fertilizers use for cassava production (<i>Manihot esculenta</i> Crantz var. F 46) at Yangambi (in French)	15
Browse from trees and shrubs: fact or fiction? (in French)	36
Problems of food storage and preservation in Nigeria: an overview (in English)	55
Technical and socio-economic aspects of transhumance in the soudanian zone of the Bougouriba (Burkina-Faso) (in French)	59
Appreciation and improvement of the bacteriological quality of fish commercialized in Burundi. Cases of <i>Stolothrissa tanganicae</i> and <i>Luciolates stappersii</i> (in French)	64
Study on small ruminants butchers working in Maroua town (Far North Cameroon) (in French)	74
The practices of tropical sericulture in Karnataka State, South India (in French)	94

Editorials

Food quality control in developing countries: luxury or necessity? (in Dutch)	1
Peoples short of development don't seek kindness but solidarity (in French)	53
The Challenge of improved food production in Africa (in English)	105
The agrometeorology and the developing countries (in French)	157

Education

Identification and follow-up methods used in an integrated development project in Togo: from theory to practice (in French)	21
The practices of tropical sericulture in Karnataka State, South India (in French)	94

Environment

Integration of livestock with crops in response to increasing population pressure on available resources (<i>in English</i>)	50
------------------------------------------------------------------------------------------------------------------------------------------	----

Fertilizers

Comparative responses of two maize varieties to fertilizers on a newly cleared ferralitic soil in Southern Benin — Economic analysis (<i>in English</i>)	3
Economic study of chemical fertilizers use for cassava production (<i>Manihot esculenta</i> Crantz var. F 46) at Yangambi (<i>in French</i>)	15
Response of maize to partially acidulated Mekrou phosphate rock on ferralitic soils in the Mono region in Southern Benin (<i>in English</i>).	123
Valorisation of a tropical <i>Euphorbiacea</i> by biomethanisation (<i>in French</i>)	128
Agricultural use of household compost in Brazzaville market gardening belt (<i>in French</i>).	131
Effects of different endomycorrhizal fungal species on the growth of ten tropical plant species in Zaire (<i>in French</i>)	159

Fisheries

Appreciation and improvement of the bacteriological quality of fish commercialized in Burundi. Cases of <i>Stolothrissa tanganyicae</i> and <i>Luciolates stappersii</i> (<i>in French</i>)	64
Technical factors related to the rejection of In-land fish farming in the West and North-West provinces of Cameroon (<i>in French</i>)	189

Fodder

Browse from trees and shrubs: fact or fiction? (<i>in French</i>)	36
-------------------------------------------------------------------------------	----

Food crops

Comparative responses of two maize varieties to fertilizers on a newly cleared ferralitic soil in Southern Benin — Economic analysis (<i>in English</i>)	3
Economic study of chemical fertilizers use for cassava production (<i>Manihot esculenta</i> Crantz var. F 46) at Yangambi (<i>in French</i>)	15
Integration of livestock with crops in response to increasing population pressure on available resources (<i>in English</i>)	50
Cultural practices evaluation for jam seeding and tuber (<i>Dioscorea rotundata</i>) production in Benin (<i>in French</i>)	69
The Challenge of improved food production in Africa (<i>in English</i>)	105

Food conservation

Problems of food storage and preservation in Nigeria: an overview (<i>in English</i>)	55
---------------------------------------------------------------------------------------------------	----

Human nutrition

Chemical composition of <i>Achatina fulica</i> (<i>in English</i>).	121
-------------------------------------------------------------------------------	-----

Meetings

Poultry production in hot climates (<i>in English</i>)	89
Symposium «Remote sensing by satellite» (<i>in French</i>)	93

Microbiology

Appreciation and improvement of the bacteriological quality of fish commercialized in Burundi. Cases of <i>Stolothrissa tanganyicae</i> and <i>Luciolates stappersii</i> (<i>in French</i>)	64
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----

Microlivestock

The practices of tropical sericulture in Karnataka State, South India (<i>in French</i>)	94
Feed utilization and live weight gain by the African giant rat (<i>Cricetomys gambianus</i> Waterhouse) at Dschang in Cameroon (<i>in English</i>).	118

Non governmental organization

Identification and follow-up methods used in an integrated development project in Togo: from theory to practice (<i>in French</i>)	21
------------------------------------------------------------------------------------------------------------------------------------------------	----

Nutrition

Food quality control in developing countries: luxury or necessity? (<i>in Dutch</i>)	1
Browse from trees and shrubs: fact or fiction? (<i>in French</i>)	36
On the way to an appropriate feeding system for poultry and pigs in Zaire (<i>in French</i>)	44
Fattening of bull calves and adult males of Gobra with agroindustrial products such as molasses in Senegal (<i>in French</i>)	107
Feed utilization and live weight gain by the African giant rat (<i>Cricetomys gambianus</i> Waterhouse) at Dschang in Cameroon (<i>in English</i>).	118
Date stones in broiler's feedint (<i>in English</i>)	165

Pig

Pig breeding in Haiti: a difficult choice! (<i>in French</i>)	31
On the way to an appropriate feeding system for poultry and pigs in Zaire (<i>in French</i>)	44

Plant production

Comparative responses of two maize varieties to fertilizers on a newly cleared ferrallitic soil in Southern Benin — Economic analysis (<i>in English</i>)	3
Economic study of chemical fertilizers use for cassava production (<i>Manihot esculenta</i> Crantz var. F 46) at Yangambi (<i>in French</i>)	15
Cultural practices evaluation for jam seeding and tuber (<i>Dioscorea rotundata</i>) production in Benin (<i>in French</i>)	69
Response of maize to partially acidulated Mekrou phosphate rock on ferrallitic soils in the Mono region in Southern Benin (<i>in English</i>).	123
«Zai», a traditional technique for restoring and recovering of arid soils (<i>in French</i>)	139
Effects of different endomycorrhizal fungal species on the growth of ten tropical plant species in Zaire (<i>in French</i>)	159

Plant protection

Integrated system of agrochemical demonstration and experiments in Tunisia: design and application (<i>in French</i>)	90
-----------------------------------------------------------------------------------------------------------------------------------	----

Poultry

Prospects for the use of biotechnology for the control of Newcastle disease in Africa, Asia and South America (<i>in English</i>)	19
On the way to an appropriate feeding system for poultry and pigs in Zaire (<i>in French</i>)	44
Poultry production in hot climates (<i>in English</i>)	89
Stability in refrigerator and freezer of D78 vaccine against Gumboro disease of chicken (<i>in French</i>)	147
Date stones in broiler's feedint (<i>in English</i>)	165

Projects

Identification and follow-up methods used in an integrated development project in Togo: from theory to practice (<i>in French</i>)	21
------------------------------------------------------------------------------------------------------------------------------------------------	----

Research and development

Integrated system of agrochemical demonstration and experiments in Tunisia: design and application (<i>in French</i>)	90
-----------------------------------------------------------------------------------------------------------------------------------	----

Rural development

- Some considerations on restraining the decline in the rural population in the Popular Republic of Congo (*in French*) 47

Rural engineering

- A home built and portable cattle race (*in English*) 142

Small ruminants

- Heat detection in ewe by acidity, elasticity of the cervical and vaginal mucus and by vaginal temperature measurement (*in French*) 27
Study on small ruminants butchers working in Maroua town (Far North Cameroon) (*in French*) 74

Sociology

- Food quality control in developing countries: luxury or necessity? (*in Dutch*) 1
Identification and follow-up methods used in an integrated development project in Togo: from theory to practice (*in French*) 21
Some considerations on restraining the decline in the rural population in the Popular Republic of Congo (*in French*) 47
Peoples short of development don't seek kindness but solidarity (*in French*) 53
Technical and socio-economic aspects of transhumance in the soudanian zone of the Bougouriba (Burkina-Faso) (*in French*) 59
Considerations regarding the evolution of farming systems in Burundi based on a multivariate analysis of some of their characteristics (*in French*) 112
Process of soil degradation in the Sudanese-Guinean savannas with low population density, a case study of the Central African Republic (*in French*) 175
Technical factors related to the rejection of In-land fish farming in the West and North-West provinces of Cameroon (*in French*) 189

Soil science

- Comparative responses of two maize varieties to fertilizers on a newly cleared ferralitic soil in Southern Benin — Economic analysis (*in English*) 3
Response of maize to partially acidulated Mekrou phosphate rock on ferralitic soils in the Mono region in Southern Benin (*in English*) 123
Process of soil degradation in the Sudanese-Guinean savannas with low population density; a case study of the Central African Republic (*in French*) 175

Statistics

- Integrated system of agrochemical demonstration and experiments in Tunisia: design and application (*in French*) 90
Considerations regarding the evolution of farming systems in Burundi based on a multivariate analysis of some of their characteristics (*in French*) 112
Preparation and utilization of interactive softwares to analyse agrochemical experiments and demonstrations (*in French*) 144

Veterinary medicine

- Prospects for the use of biotechnology for the control of Newcastle disease in Africa, Asia and South America (*in English*) 19
Heat detection in ewe by acidity, elasticity of the cervical and vaginal mucus and by vaginal temperature measurement (*in French*) 27
Use of traps and screens in the control of animal trypanosomiasis in Togo (*in French*) 40
Stability in refrigerator and freezer of D78 vaccine against Gumboro disease of chicken (*in French*) 147

Wildlife

- Some notes concerning the behaviour of mountain's gorillas maintained in captivity at Tshibati (Zaire) (*in French*) 135
